CITY OF ALEXANDRIA

HIGH-INJURY NETWORK

A **High Injury Network** (HIN) is a collection of corridors where high numbers of people have been killed or severely injured in traffic crashes.

NORTH BEAUREGARD STREET | DUKE STREET | EISENHOWER AVENUE | KING STREET | MOUNT VERNON AVENUE | RICHMOND HIGHWAY | SEMINARY ROAD NORTH VAN DORN STREET | SOUTH VAN DORN STREET | WASHINGTON STREET

70% of all fatal or severe crashes from 2016 to 2020 occurred on roughly 10% of the City's street network.
