

## DRAFT #3 - MAY 12, 2024

<b>KEY:</b>	<p><span style="color: red;">Red text</span> is new stuff or text that has been relocated from another spot.</p> <p><span style="color: red; text-decoration: line-through;">Red text</span> with a line through it (<span style="color: red;">example</span>) is newly deleted text.</p> <p>Tan cells <span style="background-color: #ffe0e0; border: 1px solid black; display: inline-block; width: 50px; height: 15px;"></span> have had an 'x' deleted.</p> <p>TAB ID:</p> <p>- example: "Tiers SFH-CO" shows Draft #2 plus proposed changes.</p> <p style="padding-left: 40px;">"Tiers SFH-CO (2)" shows what the sheet will look like all cleaned up.</p>
-------------	---

### ALEXANDRIA ECO-CITY HOMES RECOGNITION / AWARDS PROGRAM

**OVERVIEW**

The Alexandria Energy and Climate Change Action Plan (ECCAP) has a 2030 goal of 53,000+ housing units retrofitted with efficiency upgrades or built to be high efficiency. The City can't force the community to make home efficiency upgrades, but they can incentivize / encourage it through an Eco-City Homes effort. The Environmental Policy Commission, in cooperation with the Alexandria Office of Climate Action has developed this recognition / awards program to encourage all Alexandrians to become more engaged in the City's efforts to reach that goal.

**ELIGIBILITY**

- Single Family Homeowners / Condo Owners (SFH/CO)
- Multi-Family Owners (MFO)
- Renters

**GEOGRAPHICAL SPLIT**

Split across the three regions of the City by the School Board Districts - East, Central, West

**CRITERIA**

Awards / Recognition will be provided based on the overall eco-leadership shown in the home, across the different categories below. An 'x' denotes which items will be applicable to which stakeholder type. Participants will be judged based on the number of items completed must complete a minimum of 75% of the activities in each category (as detailed on the specific scoring sheet). Required items to complete will vary by eligibility type.

Category	Activity	SFH/CO	MFO	Renters
Energy Efficiency	Energy usage benchmarked on ENERGY STAR Portfolio Manager	x	x	x
Energy Efficiency	3rd Party Energy Audit performed within past 3 years	x	x	
Energy Efficiency	3rd Party Green Building Certification (e.g. Pearl, ENERGY STAR, LEED, Green Globes, etc)	x	x	
Energy Efficiency	All-Electric Home	x	x	
Energy Efficiency	<span style="color: red;">Electric</span> Heat Pump for HVAC	x	x	
Energy Efficiency	Electric Induction Stove	x	x	
Energy Efficiency	Electric clothes dryer	x	x	
Energy Efficiency	Well-Insulated Attic	x	x	
Energy Efficiency	High Performance Windows	x	x	
Energy Efficiency	Sealed Doors ( <span style="color: red;">i.e. use of weather stripping to remove gaps that allow air leakage</span> )	x	x	x
Energy Efficiency	<span style="color: red;">Majority</span> LED Lighting <span style="color: red;">SEE NOTE 1</span>	x	x	x
Energy Efficiency	ENERGY STAR appliances	x	x	x
Energy Efficiency	Smart Thermostat	x	x	x
Energy Efficiency	Energy Efficient Thermostat Setpoints	x	x	x
Energy Efficiency	Pledge for plug load efficient behavior - turn off unused lights, unplug appliances, turn off video game/tv/computer monitor	x		x
Renewable Energy	Onsite Solar Panels	x	x	
Renewable Energy	Solar-Ready Infrastructure	x	x	

Category	Activity	SFH/CO	MFO	Renters
Renewable Energy	Geothermal	x	x	
Renewable Energy	Backup Battery (not fossil fuel)	x	x	
Renewable Energy	Participation in Dominion's Renewable Energy program	x	x	x
Transportation	Doesn't own a Car	x		x
Transportation	Relies primarily on walking/public transit/bike/scooter for transportation	x		x
Transportation	EV-ready infrastructure	x	x	
Transportation	EV Charger on-site	x	x	
Transportation	Owns an Electric Vehicle	x		x
Transportation	Pledges to reduce vehicle miles traveled as much as possible in daily life activities	x		x
Water Efficiency	Electric Heat Pump Water Heater	x	x	
Water Efficiency	Low-Flow Fixtures - WaterSmart shower/tub, faucets, toilets	x	x	x
Water Efficiency	Participate <del>or eligible to participate</del> in City's stormwater reduction program	x	x	
Water Efficiency	Pledges to be waterwise with shorter showers, no water during teethbrushing, etc during daily life activities	x		x
Water Efficiency	Landscapes with native plantings/xeriscaping to enable less watering of outdoor plants	x	x	
Water Efficiency	Wildflowers/natural plant growth instead of manicured grass on the property	x	x	
Water Efficiency	Rain barrel on site to for landscaping/water reuse	x	x	
Water Efficiency	Permeable pavement for driveway/yard features (as opposed to impermeable)	x	x	
Waste Reduction	Onsite Recycling Program		x	
Waste Reduction	Onsite Compost Program		x	
Waste Reduction	Composts at curbside, farmers market, or onsite	x		x
Waste Reduction	Recycles household waste	x		x
Waste Reduction	Brings glass to purple bin	x	x	x
Waste Reduction	Pledges to avoid material and food waste as much as possible	x		x

NOTE 1: 100% LED lighting may not be feasible as there may be bulbs in appliances, hard to reach areas, etc., that may be very difficult to get to.

**AWARD LEVELS**

**REQUIREMENT**

BRONZE Complete a minimum of 75% of the activities shown.

SILVER Complete a minimum of 75% of the Bronze activities PLUS a minimum of 75% of the Silver activities.

GOLD Complete a minimum of 75% of the Bronze activities PLUS a minimum of 75% of the Silver activities PLUS a minimum of 75% of the Gold activities. **Not applicable to Renters.**

**DRAFT #3 - MAY 12, 2024**

**NOTE 2: This tab is for info only - to highlight my rationale for assigning the Activities to the Tiers. It will be deleted.**

		Original Points	
Energy Efficiency	Energy usage benchmarked on ENERGY STAR Portfolio Manager	1	BRONZE
Energy Efficiency	Pledge for plug load efficient behavior - turn off unused lights, unplug appliances, turn off video game/tv/computer monitor	1	
Transportation	Pledges to reduce vehicle miles traveled as much as possible in daily life activities	1	
Water Efficiency	Pledges to be waterwise with shorter showers, no water during teethbrushing, etc during daily life activities	1	
Waste Reduction	Pledges to avoid material and food waste as much as possible	1	
Energy Efficiency	LED Lighting	2	
Transportation	Relies primarily on walking/public transit/bike/scooter for transportation	2	
Water Efficiency	Low-Flow Fixtures - WaterSmart shower/tub, faucets, toilets	2	
Waste Reduction	Composts at curbside, farmers market, or onsite	2	
Energy Efficiency	3rd Party Energy Audit performed within past 3 years	3	
Energy Efficiency	Smart Thermostat	3	
Energy Efficiency	Energy Efficient Thermostat Setpoints	3	
Renewable Energy	Participation in Dominion's Renewable Energy program	3	
Transportation	Doesn't own a Car	3	
Water Efficiency	Participate or eligible to participate in City's stormwater reduction program	3	
Water Efficiency	Landscapes with native plantings/xeriscaping to enable less watering of outdoor plants	3	
Water Efficiency	Wildflowers/natural plant growth instead of manicured grass on the property	3	
Water Efficiency	Rain barrel on site to for landscaping/water reuse	3	
Waste Reduction	Recycles household waste	3	
Waste Reduction	Brings glass to purple bin	3	
Energy Efficiency	3rd Party Green Building Certification (e.g. Pearl, ENERGY STAR, LEED, Green Globes, etc)	4	
Energy Efficiency	Sealed Doors	4	
Waste Reduction	Onsite Recycling Program	4	
Waste Reduction	Onsite Compost Program	4	
Energy Efficiency	All-Electric Home	5	GOLD
Energy Efficiency	Heat Pump for HVAC	5	
Energy Efficiency	Electric Induction Stove	5	
Energy Efficiency	Electric clothes dryer	5	
Energy Efficiency	Well-Insulated Attic	5	
Energy Efficiency	High Performance Windows	5	
Energy Efficiency	ENERGY STAR appliances	5	
Renewable Energy	Onsite Solar Panels	5	
Renewable Energy	Solar-Ready Infrastructure	5	
Renewable Energy	Geothermal	5	
Renewable Energy	Backup Battery (not fossil fuel)	5	
Transportation	EV-ready infrastructure	5	
Transportation	EV Charger on-site	5	
Transportation	Owns an Electric Vehicle	5	
Water Efficiency	Heat Pump Water Heater	5	
Water Efficiency	Permeable pavement for driveway/yard features (as opposed to impermeable)	5	

**DRAFT #3 - SINGLE FAMILY HOMEOWNERS / CONDO OWNERS SCORING**  
 May 12, 2024

	Category	Activity	Completed
1	Energy Efficiency	Energy usage benchmarked on ENERGY STAR Portfolio Manager	
2	Energy Efficiency	Pledge for plug load efficient behavior - turn off unused lights, unplug appliances, turn off video game/tv/computer monitor	
3	Energy Efficiency	Energy Efficient Thermostat Setpoints <del>MOVED FROM SILVER</del> SEE NOTE 3	
4	Energy Efficiency	ENERGY STAR appliances <del>MOVED FROM GOLD</del>

12	Transportation	EV-ready infrastructure <del>MOVED TO SILVER</del>	
12	Transportation	EV Charger on-site	
13	Transportation	Owns an Electric Vehicle	
14	Water Efficiency	Heat Pump Water Heater	
15	Water Efficiency	Permeable pavement for driveway/yard features (as opposed to impermeable)	

BRONZE

SILVER

GOLD

16	Water Efficiency	Wildflowers/natural plant growth instead of manicured grass on the property MOVED FROM SILVER	
----	------------------	--	--

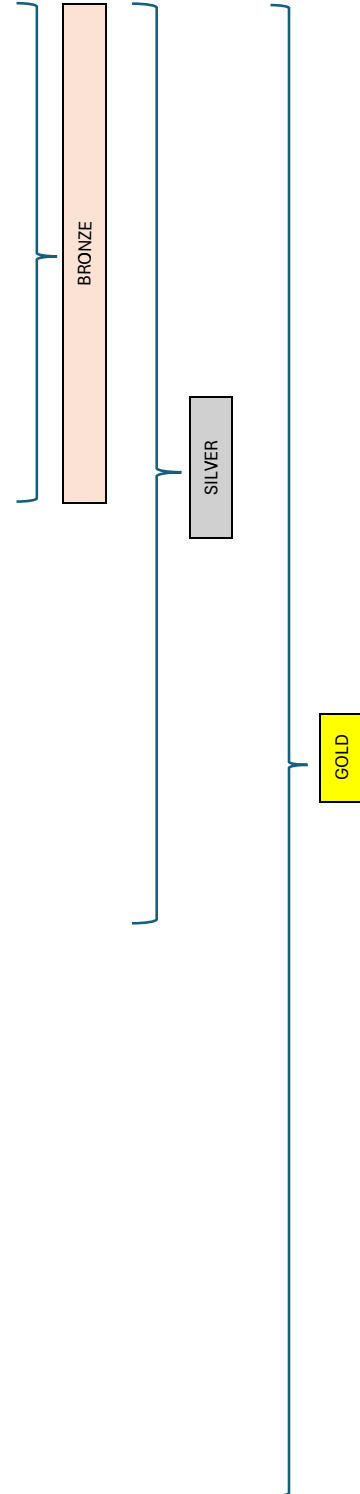

BRONZE	Must complete <del>all nine (9)</del> 75% of the listed actions to achieve this level of recognition (7-9 items).
SILVER	Must complete 75% of <del>all</del> the requirements for Bronze recognition plus a minimum of 75% of the Silver <del>ten (10) of the fifteen (15)</del> actions listed to achieve this level of recognition (7-9 Bronze + <del>10</del> 8 Silver = 17 items).
GOLD	Must complete 75% of the Bronze items + 75% of the Silver items + 75% of the Gold items <del>all the requirements for Bronze and Silver recognition, plus ten (10) of the sixteen (16) actions</del> listed to achieve this level of recognition (7-9 Bronze + <del>10</del> 8 Silver + 12 Gold = 29 items).

- NOTE 3: With respect to offering specific temperature setpoints: I think we RECOMMEND set points, but leave it up to the individuals to determine what they are comfortable with.
- NOTE 4: I think we leave that in Bronze as I believe it to be relatively easy.
