

**City of Alexandria, Virginia  
FY 2024 Proposed Operating Budget & CIP  
Budget Questions & Answers**

**April 4, 2023**

**Question:** Do we track information about the usage of the Alexandria fleet vehicles for non-heavier or specific-use purposes such as employee travel as compared to equipment hauling, street cleaning, and snow removal?

**Response:**

Fleet Services tracks all vehicle and equipment usage/mileage, other than Fire Department vehicles. This is done using the FASTER fleet management software as well as GPS. While the usage/milage is tracked, the purpose of travel is not.
