To: Four Mile Run Trail Bridge Project Stakeholder Group (BCC)

This email provides an update on Four Mile Run Trail Bridge Repair project as April 29, 2024:

The Four Mile Run Pedestrian Bridge Project is near complete. The final element for installation is the landside railings.

The City will open the Four Mile Run Pedestrian Bridge on Tuesday, April 30 for community use following the placement of temporary barriers. The final installation of the railing will result in periodic closure of the trail and bridge when installation of the railing is in progress. The bridge will reopen at the end of each workday or as work for the day is completed. It is anticipated the completion for the installation of the landside railings within the month of May. The current detour will remain in place until final installation is complete.

Please forward this email to other interested stakeholders, and you may refer individuals to [jack.browand@alexandriava.gov](mailto:jack.browand@alexandriava.gov) to be added to the Four Mile Run Trail Bridge Stakeholder email group.
