* Assisted Rental Housing includes ARHA and privately owned units as of September 2006. Assisted housing locations as shown do not include voucher programs or special needs housing.

** Percentages shown are based on Census 2000 data for the total number of housing units. In areas with increased development, some percentages may be lower than what is shown.

Note: Assisted rental information for Census Tract 12.03 does not include the Arlandria-Chirilagua Cooperative, which is a low-income homeownership project. Adding those 284 units to the assisted rental figures results in a revised figure of 22.9% assisted rental housing.
