WELCOME,

RPCA is excited to start a new season of programs. It is great to see more people participating and enjoying recreation experiences. Over the past year, we have all faced many challenges. I would like to recognize RPCA staff for continuing to serve the City during this time. Data shows that City park usage increased by 50% since the onset of the COVID-19 pandemic. Our park maintenance staff were up to the challenge, arriving early and staying late to make sure parks were clean, safe, and ready for use. Our program staff experienced many new roles this year. They learned virtual programming and events, provided essential worker childcare, supported homeless centers in two different recreation centers, supported contract tracing operations at the Durant Center, and played an important role in the ACPS Virtual + program. I hope you will join me in recognizing the hard work of RPCA staff as they continue to focus on serving our community.

Delivering programs to you in the safest manner possible given the current health and safety guidelines is our #1 priority. We welcome feedback on how we can serve you better and new program ideas for your community.
