ALEXANDRIA SWIM ACADEMY

Learn to swim with confidence. The Alexandria Swim Academy offers American Red Cross swim lessons for infants, youth, teenagers and adults. With lessons for those ages six months and older, you and your entire family can learn to master the skills needed to help you swim safely and enjoyably for life.

If it has been more than two months since your previous swimming lessons, we suggest you repeat the previous course completed. If you have any questions about which class to enroll in, please contact the Chinquapin staff.

Please note that it is quite common for children to participate in several sessions of the same level before they successfully demonstrate all the skills. Swimming does require practice and repetition, so we encourage families and participants to come to the pool for practice during non-class times.

Water Explorers +ADULT

Ages 6 mos.-3 yrs. For each level of Parent and Child Aquatics, our instructors follow a plan to introduce new swimming and water safety skills that are developmentally appropriate and engaging for infants and young children. It is important to understand that Parent and Child Aquatics is not designed to teach children to become good swimmers or even to survive in the water on their own. Parent and Child Aquatics introduces you and your child to basic skills. As parents, you learn how to safely work with your child in the water, including how to appropriately support and hold your child in the water and how to prepare and encourage your child to participate fully and try the skills. In addition, you are introduced to several water safety topics. Your child receives an introduction to basic skills that lay a foundation for learning to swim.

Ages 6-23mos.

Alex Swim Preschool 1

Ages 3-5. Introduction to Water Skills. These skills lay the foundation for developing water competency and the future skill development of swimming strokes. The class is recommended for children who have no or little water skills. Children will learn to enter in the water independently and exit the water safety, submerge mouth, nose and eyes and blow bubbles, glide and float on front and back, and recover to vertical position with support. When children successfully perform on those skills, they can go up to Preschool 2.

Ages 6-23mos.

Individual Swim Lessons

Private swim lessons for swimmers ages 3 yrs. & up through WeAquatics. For lesson schedules and enrollment, please visit alexandriava.gov/WebTrac.
Alex Swim Preschool 2

Ages 3-5. In Preschool 2 our instructors follow a plan to introduce new swimming and water safety skills that are developmentally appropriate for young children. This level continues laying the foundation for developing water competency and further skill development. Preschool 2 marks the beginning of independent aquatic locomotion skills. Children continue to explore using simultaneous and alternating arm and leg actions on the front and back to gain greater proficiency in preparation for performing strokes.

Alex Swim Preschool 3

Ages 3-5. Stroke Development. Preschool 3 participants should already be able to swim independently with combined arm and leg actions on front for 3 body lengths. Skills include treading water for 15 seconds, then swimming on front and/or back for 5 body lengths then exiting the water, recovering body position from front to back and back to front then continuing to swim for several body lengths independently.

Alex Swim Level 1

Ages 6-12. Introduction to Water Skills. Your child is introduced to basic skills as the foundation for future skills and the development of water competency (the basic minimum skills needed for water safety). The class is good for students who have no or little water skills. Skills include entering in the water using ramp/steps/side and exit the water safety, blowing bubbles, submerging head, open eyes underwater and retrieving submerged objects, floating, and gliding on front and back with assistance, recovering to back float and glide to vertical position. When your child successfully performs those skills and able to swim front crawl and back crawl by for 5 body lengths, they can go up to Level 2.

Alex Swim Level 2

Ages 6-12. Fundamentals of Aquatic Skills. Level 2 marks the beginning of independent aquatic locomotion. This class recommended for students who successfully finished Level 1 or have comparable skills. The Level 2, skills include stepping from the side into chest-deep water, fully submerging, and holding breath, treading water for 15 seconds, swimming using combined arm and leg actions on front and/or back for 5 body lengths. Students also learn safety skills and swimming independently in the water.

We Aquatics

Ages 3 & up. The Alex Swim Academy is proud to partner with We Aquatics to offer private swim lessons. Private swimming lessons are a great way to gain exceptional swimming instruction. Lessons are appropriate for youth and adult learners, and your instruction and schedule will be tailored toward for you. Whether you or your child are just getting started, or have years of swimming experience, your instructor will help you reach your goals by building on individual strengths and improving weaknesses. To register, visit www.weaquatics.com.
Alex Swim Level 3
Ages 6-12. Stroke Development. Your child learns to swim the front crawl and elementary backstroke at rudimentary levels, is introduced to flutter, scissor, breaststroke, and dolphin kicks, learns the survival float, increases the time duration for treading water. Your child also learns the rules for headfirst entries from a seated position at poolside (in water 9 feet deep or deeper) and safety skills. To pass the class, they must tread water for 1 minute and swim front crawl and/or elementary backstroke for 25 yards.

Open Space

Alexandria adopted the Open Space Master Plan in 2003. The plan seeks to protect, enhance and grow the City’s open spaces through an established framework of 15 goals. Since its inception, City staff continues to work with the public to achieve these goals. Over 100 acres have been added to the City’s public open space since 2003 through acquisition, dedication or public access and conservation easements. Significant achievements include:

- Acquisition of seventeen parcels, including key Waterfront and Four Mile Run properties, as well as two new pocket park sites
- Receipt of open space acreage through the development process that includes dedication of properties to the City, and public access/preservation easements on development sites. Notable dedications include Potomac Yard Park, Witter Fields and Freedmen’s Cemetery.
- Recordation of eight private property voluntary conservation easements in partnership with the Northern Virginia Conservation Trust, protecting 11.73 acres of land.

In addition, the City actively pursues outreach opportunities to increase public awareness of open space preservation. Activities include conservation easement workshops, ongoing participation in civic association meetings, and regular updates in Department publications.

For more information about the City's most recent open space efforts, including the 2017 Updated Implementation Strategy, and the 2020 Open Space Policy Plan, visit alexandriava.gov/89491

The City of Alexandria wants to give financial support to your group, organization, or business to improve your neighborhood and community. That’s why it has used Community Matching Fund partnerships to:

- Upgrade athletic fields
- Install drinking fountains
- Beautify parks
- Expand community composting
- Upgrade a teen center
- Renovate playgrounds
- Provide more outdoor exercise opportunities

How could you use the Fund to improve your community?

WHAT IS THE COMMUNITY MATCHING FUND?

Established by the Alexandria Department of Recreation, Parks and Cultural Activities (RPCA), the Fund empowers RPCA to partner with community members on projects that improve a City-owned park, trail, playground, athletic field, or other recreational area or facility with 1:1 matching funds in an amount up to $50,000.

HOW DO I GET STARTED?

- Visit [www.alexandriava.gov/92701](http://www.alexandriava.gov/92701) to start the application process.
- RPCA staff are happy to work with your group to help you submit a complete proposal.
- We welcome new ideas, but we also can provide a list of potential projects already suggested by your neighbors.

We are accepting applications starting April 6 through June 25, 2022.
