AGENDA ITEM #5

Ad Hoc Stormwater and Flood Mitigation Group Proposed Work Streams for 2022-2023

Work Stream	Purpose	Activities & Deliverables	Desired Outcome
Community Awareness	To increase residents' awareness of -- and involvement in -- the projects planned in their neighborhoods	With City staff, ongoing presentations and communication in all affected civic associations: handouts, web content, social and broadcast media, etc.	Residents in impacted areas feel that progress is being made. Provide an avenue to learn more and perhaps shape the solution in their neighborhoods.
Business Involvement	To better understand the impact of stormwater and flooding issues on Alexandria businesses and design appropriate mitigation strategies.	With City staff, conduct outreach and listening activities focused on the Alexandria business community.	Businesses feel that progress is being made. Provide an avenue to learn more and perhaps shape the solution in their area.
Assessing Plans & Budgets	To report to Council whether the appropriate level of funding is allocated to the most effective storm- and floodwater mitigation projects.	<p>A well-reasoned statement regarding storm- and flood water investments at the Council work session on the CIP budget.</p> <p>An end-of-the-fiscal-year report on the progress of the storm- and floodwater mitigation program overall, with an emphasis on expenditures to-date and planned investments.</p>	The appropriate level of city investment in storm- and floodwater mitigation is maintained to allow the completion of the necessary projects
Informing City- and State-level Policies	To provide the perspective of residents and businesses as City staff works with Council and our state representatives in shaping policies regarding storm- and floodwater mitigation	Assist City staff by providing local stories and evidence of storm- and floodwater damage in Alexandria. Assist City staff in developing the City's legislative agenda regarding storm- and floodwater mitigation.	<p>Alexandria takes full advantage of any state-level funding available for storm- and floodwater mitigation</p> <p>Solutions for storm- and floodwater mitigation considers the full range of relevant local and state policies.</p>
