How can we affect?

Impervious Surface

- Reduce impervious surfaces
- Encourage pervious materials

Tree Canopy

• Require minimum tree

canopy percentage
Minimize loss of existing

trees

Green Building

Maximize Energy efficiency
Require building consistent with Green Building policy

Stormwater Management

- Treat stormwater onsite
- Improve water quality
- Slow stormwater runoff

Mobility

- Maximize use of transit
- Safe streets
- Bike facilities
- Safety

Share your thoughts on Sustainability! Alex WEST

Place a dot next to 3 of the changes listed below you are most interested in seeing more of in your neighborhood:

Healthier, Fresh Food Choices

More Tree Canopy and Shade

Less Paved Surfaces

More Parks and Green Roofs

Less Need to Drive

More Green Energy Buildings

Mark all of the following sustainability-related challenges you have recently experienced:

Can't Reach/ Afford Fresh Foods Staying Inside to Avoid Hot Temperatures Seeing Trash in Nearby Streams or Parks Difficulty Traveling Without a Car Dealing with Home or Street Flooding Having High Energy Bills

Please use sticky notes to share any additional thoughts you have about Sustainability in AlexWest:
