17. Each application shall contain a clear and concise statement identifying the applicant, including the name and address of each person owning an interest in the applicant and the extent of such ownership interest. If the applicant, or one of such persons holding an ownership interest in the applicant is a corporation, each person owning an interest in excess of ten percent (3%) in the corporation and the extent of interest shall be identified by name and address.
For the purpose of this section, the term "ownership interest" shall include any legal or equitable interest held in the subject real estate at the time of the application. If a nonprofit corporation, the name of the registered agent must be provided.
Please provide ownership information here:

Special Use Permit #

#### FOR YOUR INFORMATION

#### Special Use Permits Eligible for Administrative Approval

Certain uses of land that have potentially negative impacts on surrounding properties require special use permit approval from City Council. The City Council may impose conditions on the operation of the special use in order to protect the health, safety and welfare of the surrounding area. For new uses and for intensifications or amendments of existing uses, the Planning Commission and City Council conduct public hearings and decide whether to approve the request. The Director of Planning and Zoning, however, may approve a special use permit administratively if it is only a change in ownership or a minor amendment of a previously approved special use permit.

#### **Special Use Permit for Change of Ownership**

If the existing special use permit for an operation restricts the ownership of the use, a prospective owner may not take ownership of the operation until he receives special use permit approval for the change of ownership. Pursuant to Section 11-503, the director may approve the change and transfer the special use permit to a new owner, if the following conditions apply:

- 1) The applicant is not requesting a change in the conditions of the special use permit;
- 2) there have been no substantiated violations of the special use permit conditions;
- 3) there are no changes proposed or anticipated in the operation of the use involved;
- 4) the director has concluded that no new conditions or no amendments to existing conditions are necessary, and
- 5) following notice of the application in a newspaper of general circulation in the City, no person has requested that the director forward the application to the Planning Commission or City Council.

If the application does not meet any one of the above conditions, it must be docketed for the next available Planning Commission and City Council public hearings. If the Director approves a special use permit for change in ownership, the new owner must sign an agreement stating that he/she will to continue to comply with the special use permit conditions.

#### **Special Use Permit for Minor Amendment**

Pursuant to Sections 11-509 and 11-511 of the zoning ordinance, the director may approve minor amendments to approved special use permits. Only changes that constitute no more than a minimal enlargement or extension of the special use permit or that are so insignificant they will have little or no zoning impact on the surrounding neighborhood are eligible for administrative approval. If a change will intensify the use, it requires Planning Commission and City Council approval. Changes that intensify a use include any increase in the following:

- 1) Hours of operation;
- 2) number of seats;
- 3) number of employees; visitors of customers; or
- 4) number of vehicle trips generated.

The Director may not administratively approve minor amendments if any of the following apply:

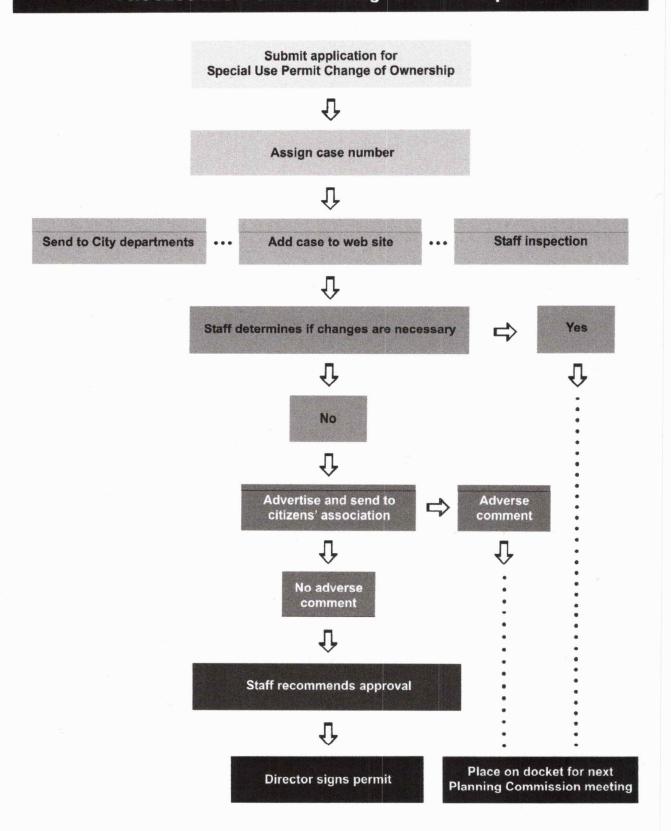

- 1) He/She has received written or oral complaints that the use is in violation of the zoning ordinance;
- 2) at the time the special use permit was approved, opposition was presented to the Planning Commission or City Council; or
- 3) new conditions or amendments to existing conditions are necessary.

Notice of the application is published in a newspaper of general circulation in the City and is sent to docket subscribers.

#### **Approval Process**

For both change in ownership and minor amendment special use permits, the approval process generally takes between four and six weeks from the time an application is submitted. During that time, staff will review the application, inspect the subject property for compliance with special use permit conditions and advertise the proposed change in the newspaper to provide an opportunity for citizens to comment on the change and, in the case of minor amendments, send notice to the Planning Commission and City Council must consider the application, he/she will docket the application for the next available Planning Commission and City Council hearings. At that time, the Director may require additional information regarding the application.
