## Notes

- This plan considers priority projects identified in the [Alexandria Mobility Plan](#).
- This plan is intended to be resource-constrained, considering available budget and staff capacity.
- The goal of this plan is to make continuous improvement across multiple program areas and need categories.
- This plan prioritizes making improvements in an equitable manner.
- This is a living plan that is *subject to change* based on evolving circumstances, such as available resources, community engagement processes, land development, etc.
- The programs noted below have an annual project selection process, thus outyear projects may not be shown on this five-year plan.
  - Vision Zero
  - Complete Streets Projects with Street Resurfacing
  - Neighborhood Transportation Improvements
  - Neighborhood Sidewalks
  - Alex311 Requests/Spot Improvements
