TOPIC

Affordable
Housing

CYCP GOAL

All Children, Youth, and Families
will be Physically Safe and Healthy

SUCCESS STORY

We are celebrating the work of Housing Alexandria for doing a lot of work and continuing to try and do more work to help with affordable housing in the city and their strategic plan for the future.

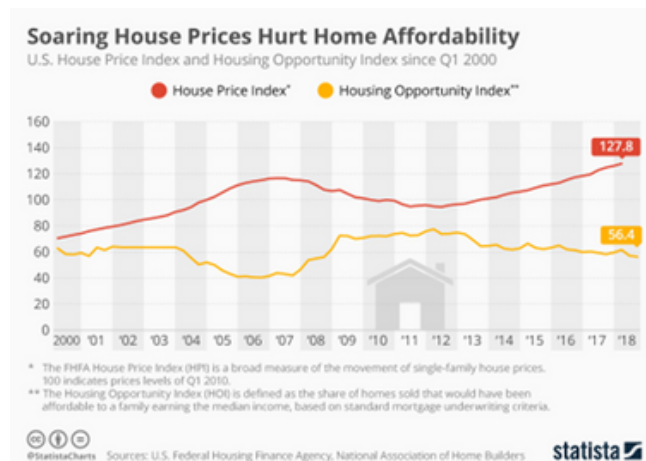

RESULT

Alexandria is an affordable place for families to live

SIGNIFICANCE

Affordable housing is something important because a house is something everyone needs to be able to live and be safe inside and shouldn't be something nearly impossible for most people who are less fortunate. Also the future needs somewhere to live and with increasing and high housing prices it will be really hard.

HOW ARE WE DOING?

STRATEGIES FOR CHANGE

1. Zoning and processing zoning contracts faster is something the city government could do and people could rent
2. When able, vote in people to their government who want to help solve the problem.

CHAMPIONS

Housing Alexandria a non profit organization who has a strategic plan to fix the problem and actively helping

**Housing
Alexandria**

PARTNERS

The team of the organization who all serve a purpose to help inside the organization whatever there job may be but they are all serving a purpose.

WHAT HAS BEEN DONE SO FAR?

Helped many unfortunate families/people and giving them a place to live in that is affordable and renting many of their properties out and giving out things to those people like school supplies to kids and enrolling many people to homeownership education.

WHAT ARE PLANS FOR THE FUTURE?

The office of housing and the handful of non profit organizations have their own plans to combat the housing issue and are hoping to make a future with affordable and equitable housing cost and living cost in general
