

**City of Alexandria, Virginia**  
**Commission on Information Technology**

**February 19, 2026 IT Commission Meeting Minutes**  
**7:00 – 9:00 PM**

In attendance: Rhonda Syler, Timothy Casey (virtual), Brandon Mosoriak (virtual), Daniel Rodriguez, Emily Dillard (virtual), Heather Barrows (virtual), Francisco Ortiz, Benjamin McGinniss, Steve Davidson, Randall Williams, Nathan Zencey

City IT Staff: Stacey Campbell, Steve Chozick, Patrick Eze, Corinna Nowak, Muhammad Mansour

Public/Other: Hamed Wafa, Rebecca Weinstein, Ricardo Alfaro

**1. Call to Order**

**2. Minutes**

(a) Approval of the January 15, 2026 meeting minutes

- Approval postponed until next meeting due to quorum rules.

**3. Public Comments**

- Rebecca Weinstein: Stated concerns about relationship between APD and Flock cameras due to Flock's work with ICE and other digital surveillance concerns. She would like to see the relationship terminated.
- Tim Casey: A reminder that the Commission doesn't have decision-making power.

**4. Updates**

No updates.

**5. City Information Technology Services Updates**

- 2026 General Assembly Legislative Package and Timeline (Patrick Eze)
  - Patrick Eze shared a slide deck explaining the process.
  - SR: Do the updates make technical sense? Are they reasonable?  
Steve Chozick: We can go back and get details.
  - RS: Is there anything we can do as a Commission due to the tight time constraints? There was a conversation about making comments as individuals.
- Budget Update (Patrick Eze)
  - City Manager will present budget soon (date).
  - There will be several meetings for the public to comment on the budget before it is approved.

## **6. Public Safety Technology Discussion**

- BM: Is it possible to get the City's contract with Flock?
- BM: Auditing should be able to be automated, not be a manual process. Additionally, the audit log should be publicly available.
- Are there two separate LPR systems?
- Conversation around warrants.
- RS: Will create a survey where members can enter their questions. See who we can invite to a later meeting to answer our questions.

## **7. Snow & Ice Event Update**

- Snow map was taken down due to incorrect information. The information was incorrect due to changing conditions and interpretations.
- TC: What is the definition of 'passable', 'semi-passable'? Is it possible to crowdsource this data? SC: Passable is based on if any emergency vehicle can use the road.
- RW: Is this definition of passable posted on the site? SC: Yes, it is but it may need to be updated.
- NZ: Was not able to submit an update to his street because, according to the City, it was cleared even though it wasn't.
- BM: It would be nice to see when trails/paths around schools are going to be cleared.

## **8. GIS Overview and Discussion**

- GIS presentation by Corinna Nowak.
- GIS uses ESRI software.
- DR: Do we use drones for aerial photography? We pay for aerial photography.
- BM: How does city deal with restricted airspace? CN: Service works with the Secret Service.
- DR: Why not use drones? Airplanes are better for a larger area, such as the City.
- SR: Question about GIS interfacing with 311.
- HB: Use coordinates? Yes, this is a possibility moving forward.

## **9. Open Data Update**

- Tim Casey: Rubric, providing feedback. Send any feedback to him, we will discuss at the next meeting.

## **10. Next Meeting**

- Thursday, March 19.

**11. Other Business**

**12. Adjournment** at 8:55 pm. Next meeting scheduled for March 19, 2026.
