

Suggestion for Improving Recreational Access to the Potomac River in Alexandria

Waterfront Commission

6/16/26

David Robbins

Examples of Paddling Trails from Elsewhere

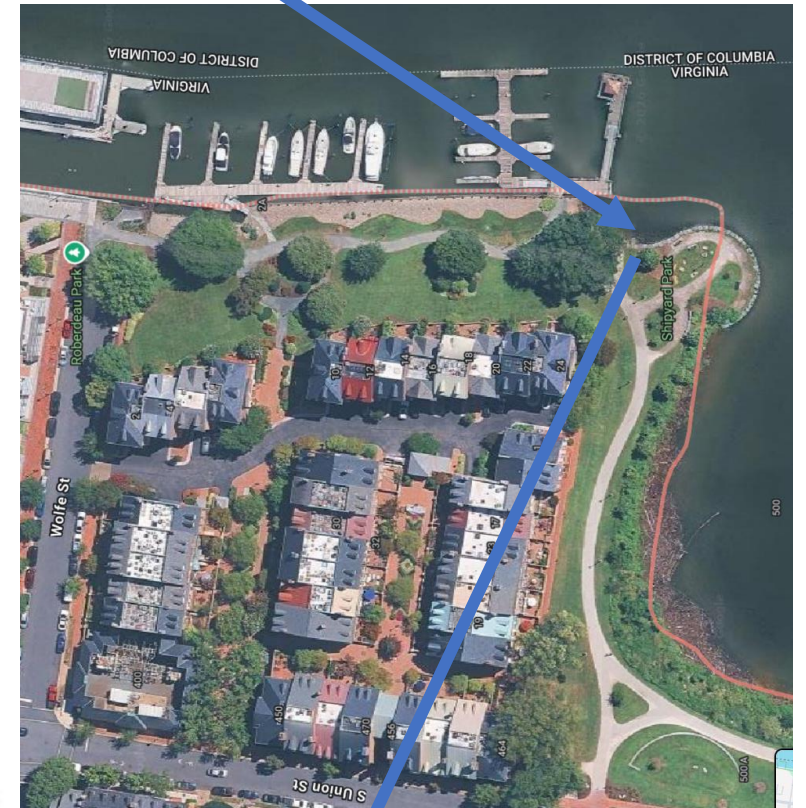

1

Strongly Advocate NPS fix Jones Point Kayak launch

2

Add river and land facing signage and a locking post to existing ramp near Shipyard Park / Fishing Pier

3

Change rules at City Marina to allow kayaks on unused, protected portion of city pier under Barca. Add signage. Add paddle assist float.

4

Utilize river frontage sea wall along waterfront park for dine and dock and festival parking.

5

Enforce residency requirements at City Marina. Many existing slip holders are not city residents and some are not area residents. Existing policy is Alexandrians get priority on waiting list and at renewals.

City of Alexandria Residency Policy

- (a) City of Alexandria residents will be given first priority to hold and/or obtain a boat slip lease agreement at the Alexandria Marina. Failure to maintain City residency may result in the City electing not to renew or offer a Boat Slip License Agreement.
- (b) City of Alexandria Real Estate Assessment or Voters Registration card is required to prove residency. If submitting a Voters Registration Card the applicant must also submit an original, current month electrical or gas bill for the resident address in the name of the Boat Slip License Agreement Applicant. The above-required residency materials provided are subject to verification.
- (c) Marina Slip License Agreement Holders who are unable to prove residency during the license renewal term will be given one license year (at non-resident rates) to continue docking at the marina after which time the License Agreement will not be renewed by the City and the Owner must remove their boat from the Alexandria Marina.

6 Add Kayak Access, locking post and signage near Robinson Terminal North for visitors by boat

7

Add Kayak/Paddleboard rentals at or near publicly owned Dee Campbell Rowing Center

8

Ensure developer provides access at PRGS
