STRATEGIES FOR CHANGE

- Focus more on plumbing and general maintenance
- Focus better on students skipping in bathroom
- Bathroom usage

PARTNERS

- Alexandria Health Department
- Alexandria City Public School
- Supervisor Maintenance and Warehouse

WHAT HAS BEEN DONE SO FAR?

- Contact Sylvie Bouvard (Supervisor Maintenance and Warehouse) about the issues
- A survey for school maintenance
- Ask parents if the same issues with the school maintenance happens at home

HOW MUCH WAS DONE?

- We had spoke to people on their thoughts about schools
- Have taken picture of doors being removed drawing on the ground and showed to the high up

HOW MUCH WAS DONE?

It been many different thoughts about school but the main issues was it feels not clean. Also that the school doesn't focus on the bathrooms as much and mostly about the grades and attendances

WHAT HAVE BEEN THE EFFECTS SO FAR?

- Many emails have been sent to (Supervisor Maintenance and Warehouse)
- Some people would be mindful to clean after themselves.
- Less fights and horse play.

SIGNIFICANCE

It matters because students' health is very important and wouldn't want a student to be scared of going to school feeling like it is not sanitary or it is a dirty school. So we thrive on making students feel have less anxiety and feel welcome to a clean community he/she would love being in.

WHAT ARE PLANS FOR THE FUTURE?

The plan for the future is to have a sanitized bathroom for many years. from all the problems that had happened 1 or 2 years ago. Our goal is to have less fights, Dirty bathrooms and less ways for students to misuse the bathrooms. But mainly focus on maintess doing their job to make sure they have a clean school.
