

2026 Youth Risk Behavior Survey - Grade 10 & 12 Students

This survey is about student attitudes and behavior regarding their health and wellness. It has been developed so you can tell us about things that may affect your health and well-being. The information you give will be used to improve Alexandria health and wellness programs for young people like yourself.

The answers you give will be kept private. No one will know the answers you select. Answer the questions based on what you really do.

Completing the survey is voluntary. Whether or not you answer the questions will not affect your grade in this class. If you are not comfortable answering a question, just leave it blank.

The questions that ask about your background will be used only to describe the types of students completing this survey. The information will not be used to find out your name. No names will ever be reported.

Make sure to read every question. When you are finished, follow the instructions of the person giving you the survey.
