Trend

Intervention

Indicator	Most Recent 12 Months	Change From Previous 12 Months	
Average Emergency Call Processing Time	1:56	-1%	▼

Trend

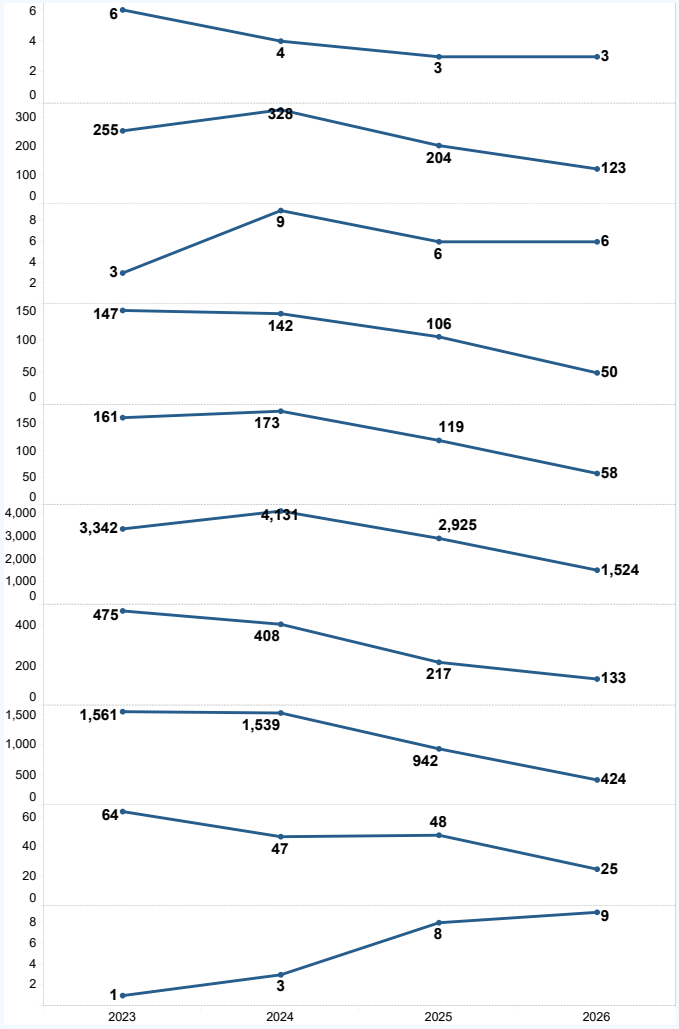

The priority level of APD and Fire/EMS that are classified as emergency dispatches changed so the data captured under the previous definition has been removed and the earliest data currently available is from April 2025. Reporting systems and standard changes have required a change in the incidents resulting in false calls and malfunctioning detection & suppression systems indicator that has made historic data uncomparable.
