ANNCR: THE MAN NAMED...DAWSON....

KEN: ~~The House Executive Committee~~ Washington, D.C.
I was among those who went the other day to hear former Pre-
sident Hubert Hoover tell the House Committee on Expenditures
in the Executive Departments ~~why~~ why the executive committee
of the government should be reorganized...I remember a prised,
grand old gentleman sitting before a group of democrats and
republicans...And I recall remarks about ~~1888~~ 1800 bureaus,
commissions, departments, etc...And yes, I also recall talk
about only 350 such agencies...twenty years ago...But don't
ask me what Mr. Halleck of Indiana said, or what Mr. Karsten
of Missouri inquired of the fommer President of the United
States...The man who now heads the commission created to study
and report on the proposed reorganization of the executive
branch of the government...
