iM2---iMovie Mentors is a program for at-risk, minority and immigrant 6th grade boys from George Washington Middle School. Boys and adult male mentors meet weekly to learn filmmaking skills, using Apple technology, and work together to make a short movie, which debuts at a community film festival.

Mentor orientations will be held at the George Washington Middle School library on March 4 and 11, from 6:00-8:00 p.m.

Prospective mentors are required to attend both sessions and to complete a criminal background check.
