

TRANSPORTATION & ENVIRONMENTAL SERVICES REOPENING PHASES

The timing of the T&ES reopening phases is anticipated to align with the phases in the Governor’s Forward Virginia blueprint for Northern Virginia, but is subject to change. Services will operate according to federal, state and local health guidelines. The City is still determining a timeline for lifting COVID 19-related changes to parking and parking enforcement; many residents continue to have special parking needs as they follow the state Safest at Home guidance.
