Strategic Plan

Alexandria's Strategic Planning Process

In 2010, the City of Alexandria adopted a new Strategic Plan to replace the original adopted in 2004 and amended in 2006. The Strategic Plan provides a “roadmap” for the City’s future, and includes seven goals. Each goal is intended to support the larger vision for the City and to point the way of progress toward that vision. These goals were incorporated into the FY 2012 – 2021 Capital Improvement Program (CIP) development process, providing City staff the framework in which to allocate resources to meet the goals of the Strategic Plan.

The goals of the City’s Strategic Plan are:

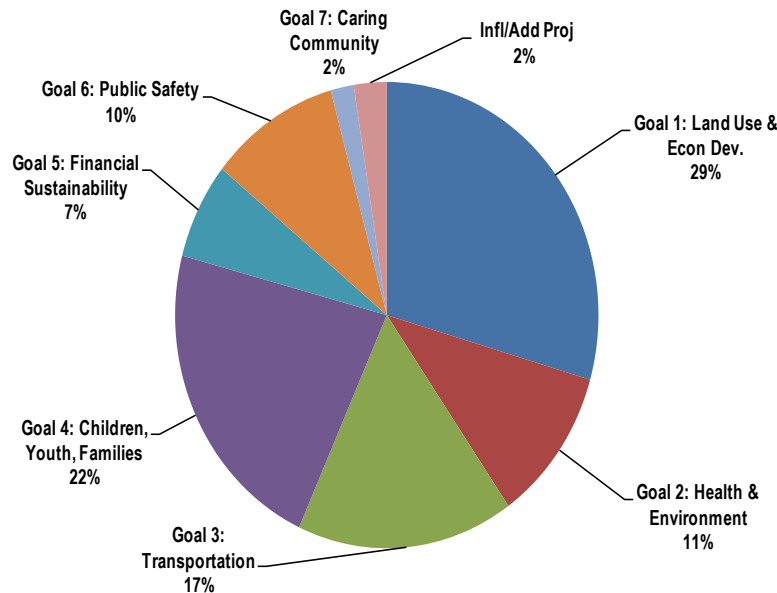

GOALS:

- Goal 1: Alexandria has quality development and redevelopment, support for local businesses, and a strong, diverse, and growing local economy.
- Goal 2: Alexandria respects, protects and enhances the health of its citizens and the quality of its natural environment.
- Goal 3: A multimodal transportation network that supports sustainable land use and provides internal mobility and regional connectivity for Alexandrians.
- Goal 4: The City of Alexandria is a community that supports and enhances the well-being, success and achievement of children, youth and families.
- Goal 5: Alexandria is financially sustainable, efficient, community oriented and values its employees.
- Goal 6: The City protects the safety and security of its residents, businesses, employees, and visitors.
- Goal 7: Alexandria is a caring and inclusive community that values its rich diversity, history and culture, and promotes affordability.

FY 2012 – FY 2021 Proposed CIP by Strategic Plan Goal

This pie chart shows the breakdown of the Proposed FY 2012 – FY 2021 Capital Improvement Program by Strategic Plan Goal. All funding sources (\$956.9 million) except for the optional transportation Add-On tax on commercial properties are included.

Proposed FY 2012 - 2021 CIP by Strategic Goal Group

Strategic Plan

The graphs on the next two pages show a comparison between the Approved FY 2011 – 2020 Capital Improvement Program compared to the Proposed FY 2012 – FY 2021 Capital Improvement Program. The graph below shows the distribution of all revenue sources in the seven goal group areas. The optional transportation Add-On tax on commercial properties revenue in the FY 2012 – 2021 CIP is not included as it is an option to add to the CIP and not in the base CIP.

Distribution of all revenues remains fairly consistent in a CIP to CIP comparison except for Goal 6 – Public Safety. This is attributable to the new Police facility. Funding for the facility totaled \$46.9 million in FY 2011 as compared to \$2.0 million to complete project funding in FY 2012.

¹ Includes funding for Potomac Yard Metro Station which was approved by City Council in June 2010.

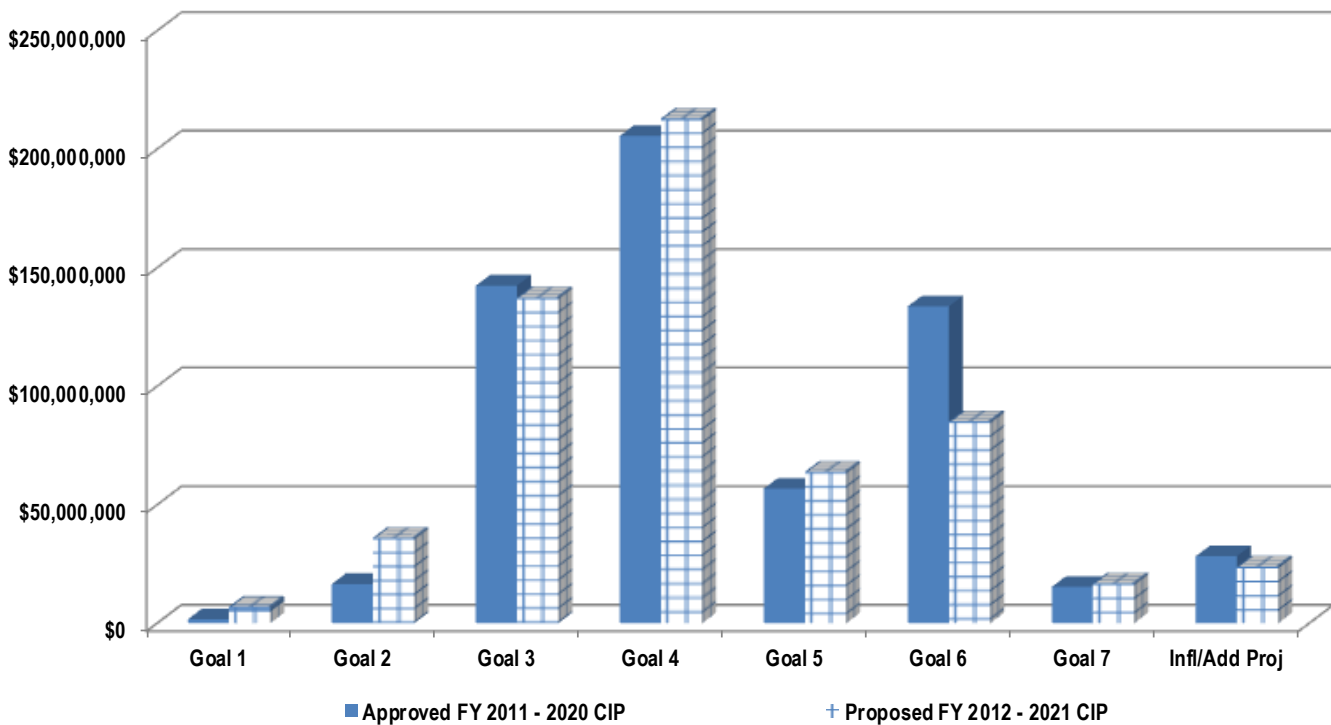

² Does not include the proposed transportation Add-On tax on commercial properties.

³ This column shows available funding not assigned to a specific project. It may be used to account for project inflation or for additional projects not in the base CIP.

Strategic Plan

This next graph looks different if one removes project paid for by dedicated or restricted revenue sources because so much is dedicated by local, state and federal programs only for transportation (Potomac Yard and other grant funding). A number of City revenue sources are restricted, in that they may be used only for specific projects or purposes. These revenues include: Sewer revenues and bonds (Sanitary Sewer and Storm Sewer); Comcast revenues; revenues and bonds associated with the Potomac Yard Metro Station project; state and federal grants for a specific project or purpose (i.e. Urban Funds); and developer contributions tied to a specific project. These revenue sources total \$373.3 million of the \$956.9 in total CIP revenues in the Proposed FY 2012 – 2021 CIP, excluding the optional transportation Add-On tax on commercial properties. The remaining \$583.6 is unrestricted revenue in the Proposed FY 2012 – 2021 CIP, and may be used to fund any project. The graph below shows the distribution of the use of all unrestricted revenue sources in the seven goal group areas. Because funding for Schools is included in Goal 4, that goal received the majority of funding from unrestricted sources.

¹ ACPS funding in the amount of \$158.1 million is included in Goal 4.

² This column shows available funding not assigned to a specific project. It may be used to account for project inflation or for additional projects not in the base CIP.

The following pages provide the list of projects by goal group. In some cases, projects may fall under several goal areas, so the most relevant goal was assigned to the project for the purposes of this display. Optional transportation Add-On tax projects are not included.
