Special Revenue Funds account for all Non-General Fund revenue. The majority of this revenue is derived from specific sources (other than capital projects) that are restricted by legal and regulatory provisions to finance specific activities. In addition to revenue received from outside sources, the City also accounts for donations and specific charges or fees for services in these funds.

The City receives funding from several different types of sources with a variety of requirements for using those resources. Basic categories and types of grants are presented below. An example of funding currently received by the City is included.

Types of Funding (examples of City programs):

- Competitive grants (Federal or State)
  - Victim Witness Assistance Program—Commonwealth Attorney
- Non-competitive or formula-based grants (federal or state)
  - Community Development Block Grant—Housing
  - Substance Abuse Prevention and Treatment—Department of Community and Human Services (DCHS)
- State General Fund revenues—DCHS

# Grant Funding and Special Revenue Funds

## SUMMARY OF MAJOR REVENUE SOURCES

Special Revenue Funds can rarely be used to replace or supplant City funds and the amount of funding received varies by program. In addition, the City's requirement to contribute additional funding for the program varies based on the program requirements. The City Department grants described in pages 11 and beyond reflect the revenue the City receives from the grant agency, mandatory cash match amounts, as well as voluntary General Fund support to provide an enhanced program or to cover program costs that exceed revenue. There are a variety of ways in which the City receives special revenue funding:

- Fully funded or partially funded—There is no expectation of City funding.
- Level effort/minimum level spending—The City is expected to continue to provide the same level of funding as it did prior to receiving special revenue
- Mandatory City match—There is percentage share of program costs that the City is required to contribute.
- Voluntary City match—There is no requirement by the funding agency, but the City contributes General Funds in order to enhance the program.

The Special Revenue described in this section does not include funding from the State and Federal government that is accounted for within the City's General Fund, such as car tax relief monies, HB599 law enforcement aid, and funding for street maintenance. State Compensation Board funding is also accounted for in the General Fund and is received from the Commonwealth to compensate the City for constitutional officers or positions related to them, such as the Clerk of the Court and the Sheriff. All grant funds received by the City from the State and Federal government are accounted for and audited in accordance with State and Federal requirements.

As shown in the pie chart on the following page, the City's Special Revenue Fund budget of \$195.1 million consists primarily of State Aid, Federal Aid and discretionary State and Federal grants (\$118.5 million) and specific charges for fees, donations and other sources (\$76.6 million). This compares to the FY 2019 approved Special Revenue Fund budget of \$181.1 million. State and Federal funding increased by \$4.3 million or 3.8%. Total Charges, Donations, and Other Sources are expected to increase by \$9.6 million or 14.4%.
