SEARCHING PUBLIC RECORDS WITHOUT LOGGING INTO CSS

On the CSS home page, users have access to public information without being logged in.

To perform a Global Search, the User can click the Search option on the main menu bar, or click on the Search Public Records Box. Leaving the dropdown as ALL will search through all APEX Records for the word(s) typed in the box.

Selecting another option in the Search drop down and clicking the Advanced button, will bring up additional fields with which to perform a search. See the Search fields below:
