Office of Performance Analytics (OPA)

alexandriava.gov/Performance

Spring 2021 City Academy
What OPA Does

**Analysis**
OPA collaborates with departments to analyze issues, challenges, and questions through research, data, and process analysis; resulting in analysis reports that include findings and recommendations to inform decisions.

**Performance Dashboards**
OPA works with departments to identify, visualize, and track indicators in order to provide insights to inform decisions and provide information to the community on how well City services are performing.

**Data & Surveys**
In order to have data for performance dashboards and analysis reports, OPA centralizes data from City systems and conducts rigorous surveys.
Analysis Example

[Maps showing analysis examples]
Dashboard Example

City of Alexandria COVID-19
Cases, Deaths and 7-Day Moving Average

7-Day Moving Average
COVID-19 Cases
18.6
Change since last Thursday: 5.3 ↓

Total Cases: 10,389
Change since Yesterday: 5 ↑

Total Deaths: 123
Change since Yesterday: 0

The case count includes laboratory-confirmed cases and probable cases (symptomatic patients diagnosed by a doctor but not tested) reported by the Virginia Department of Health on the date noted. Due to periodic data lags and corrections, cases and deaths reported on a certain date may have occurred at any point in the past.

Data was updated on March 4, 2021.
