

Alexandria City Academy

Session 3

September 25, 2014

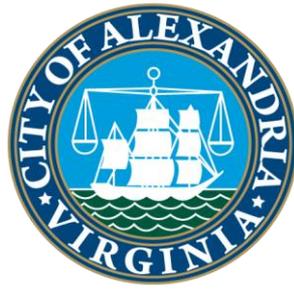

Fire and EMS Department

Chief Robert Dubé

Dedicated to Our Community,
Our Profession, and Each Other

Emergency Management

Mark Penn, Director

Emergency Management

- Coordinates, mitigates, prepares, and responds to all disasters within the City
- Maintains the Emergency Operations Center
- Liaison with VDEM and FEMA

Emergency Management

- Coordinates response to local emergencies such as Hurricanes Isabel and Hanna
- EOC is composed of City Staff from all departments as well as local and regional aid groups such as the American Red Cross

Community Emergency Response Team (CERT)

- Trains members of the community to assist the AFD during disaster responses
- Members assess damages, organize volunteers, triage and perform first aid to victims of local disasters
- Call 703.746.5259 for information

Community Services Unit

- Public Information Office
- Youth and Senior Education Programs
- Smoke Alarm Program
- Juvenile Fire Starter Intervention Program
- To Schedule, call 703-746-5260

Community Services Unit

- Maintain Smoke Alarms
- Plan and Practice an Escape Plan
- Give Space Heaters Space
- Be Alert While Cooking
- Use Electricity Safely
- Call 911
- STOP, DROP, AND ROLL
- NEVER Re-enter a Burning Building

Fire Prevention and Life Safety

The Fire Prevention and Life Safety Section is comprised of several units:

- Fire Code Inspections
- Fire Protection Systems Retesting
- Environmental Investigations
- Fire / Explosion Investigations

The section administers the provisions of the Virginia Statewide Fire Prevention Code, applicable sections of the Virginia Construction Code and related Codes of the City of Alexandria.

Fire Prevention and Life Safety

- Fire Marshals conduct the fire code inspections and all investigations for fire, explosive, hazardous materials and environmental offenses. Fire Marshals provide round the clock staffing. Fire Marshals are sworn law enforcement officers.
- Fire Protection Retesting Inspectors handle fire protection system retesting and complaints and work Monday-Friday.

Uniform Statewide Building Codes: A Family of Codes for the Life of the Building

- **Continued Compliance**

- **New Construction Code** (How we build them)
- **Virginia Maintenance Code Maintenance Inspections** (How we maintain them)
- **Fire Prevention Code** (How we use them)

Fire Code Inspections

- Fire Marshals conduct proactive inspections and respond to complaints of fire code violations.
- Proactive inspections include day and evening inspections of assembly use buildings (restaurants, nightclubs, bars and theaters) at peak times of occupancy to ensure proper crowd management, occupancy and code compliance.

Fire Code Inspections

- Fire Marshals conduct proactive inspections of target areas and industrial areas to monitor for illegal occupancy and violations of fire code.
- Fire Marshals respond to complaints for violations of the fire code, fire lane violations, and other related issues.
- Fire Marshals respond to emergency complaints involving violations of the Virginia Maintenance Code and Uniform Statewide Building Code after normal business hours

Fire Code Inspections

- Fire Prevention Permit Program – Permits are required for certain occupancies that are classified as assembly or educational use such as restaurants and schools; or to store and use hazardous materials or operate hazardous use processes. Fire Marshals conduct inspections of these facilities annually.
- Violations of the Virginia Statewide Fire Prevention Code and City of Alexandria Fire Prevention Code are classified as a Class 1 Misdemeanor carrying a possible penalty of up to 1 year in jail and/or up to a fine of \$2,500.

Fire Protection Systems Retesting

- This section witnesses the required maintenance testing and inspections of all existing fire protection systems to ensure proper testing in accordance with fire code and referenced NFPA standards.
- Inspectors respond to specific complaints involving issues with fire protection systems and ensure that property owners make the necessary repairs to systems for proper function.

Environmental Investigations Unit (EIU)

- Fire Marshals assigned to this unit respond to complaints and investigations involving the illegal storage or release of hazardous materials.
- EIU Fire Marshals conduct focused inspections on facilities that store or use hazardous materials or conduct hazardous processes under the Fire Prevention Permit program.
- EIU Fire Marshals work closely with State and City agencies to monitor and address environmental issues and violations.

Fire Investigations

- Fire Marshals investigate the origin and cause of all fires in the City and any incidents of bombings or explosive devices.
- Criminal investigations are conducted on fires that are determined to be deliberately set. Cases are submitted to the Commonwealth Attorney for prosecution.

Fire Investigations

- Fire Investigations are complex investigations and involve significant time and resources.
- Fire Investigators are highly trained in advanced investigation techniques and continually attend training to maintain certifications.
- Properly conducted fire investigations identify fire causes and trends, and help to focus prevention efforts and education.

Volunteer Organization

Provides adjunct services to:

- Suppression
- Emergency Medical Services
- Canteen
- Air & Light Unit
