10 Postings

(August 28, - September 20, 2011)

- 1. A posting requesting that a music venue be explored, similar to Wolf Trap but at a smaller scale. (September 16)**
- 2. A posting expressing sentiment that the area immediately surrounding the waterfront is currently overly congested, and that improving quality of life for residents should be the primary goal of the plan. Poster also feels that development should be focused north, at the GenOn site. (September 12)**
- 3. A posting which calls the current plan incomplete, and requiring more analysis of traffic, parking, sewers, and quality of life. The poster also would like to see the Plan incorporate the GenOn site. (September 12)**
- 4. A posting in support of the current plan and of more commercial development in order to support vitality and avoid what the poster refers to as becoming a “charming, quiet, boring, and ultimately obsolete retirement community.” (September 10)**
