Influenza Update

Flu activity is slowing down.

- The % of visits to Emergency Departments for flu-like symptoms have been going down over the last few weeks, in both VA and nationally.
- Through AHD's enhanced surveillance of ACPS, we see a decrease in student absences.

Influenza A (H3N2) was the predominant strain of flu, but now we are seeing an increase in Influenza B and Influenza H1N1.

Good news: The flu vaccine works more effectively on Influenza B and H1N1.

Wind Storm: Public Health Emergency Management (PHEM) Response

AHD's Main Office and Teen Wellness Center lost power during the Wind Storm on 3/2, and were forced to close.

- AHD staff (15 employees), led by our PHEM team, worked through the weekend to:
 - Support long-term care facilities (nursing homes) on generator power
 - *Four Long Term Care facilities were out of power for over 12 hours*
 - Secure our vaccines through the power outages
 - Conduct Saturday (3/3) site visits at over 30 restaurants and ALL long-term care facilities
 - Promoted food safety through outreach to impacted restaurants and the public

“Getting to Zero” HIV Initiative

Goal: 0 New Infections. 0 Deaths. 0 Stigma. through Universal HIV Testing

*CDC recommends doctors routinely test *every patient* for HIV, regardless of risk, at least once.*

Progress to date:

- ✓ Kick-Off Meeting held 3/9
- ✓ All Alexandria Health Department clinics now test all patients for HIV
- ✓ All Neighborhood Health is starting to test all patients
- Know Your Status; *National Testing Day is coming up: June 27*

Spotlight: Community Health Assessment / Community Health Improvement Plan (CHA/CHIP)

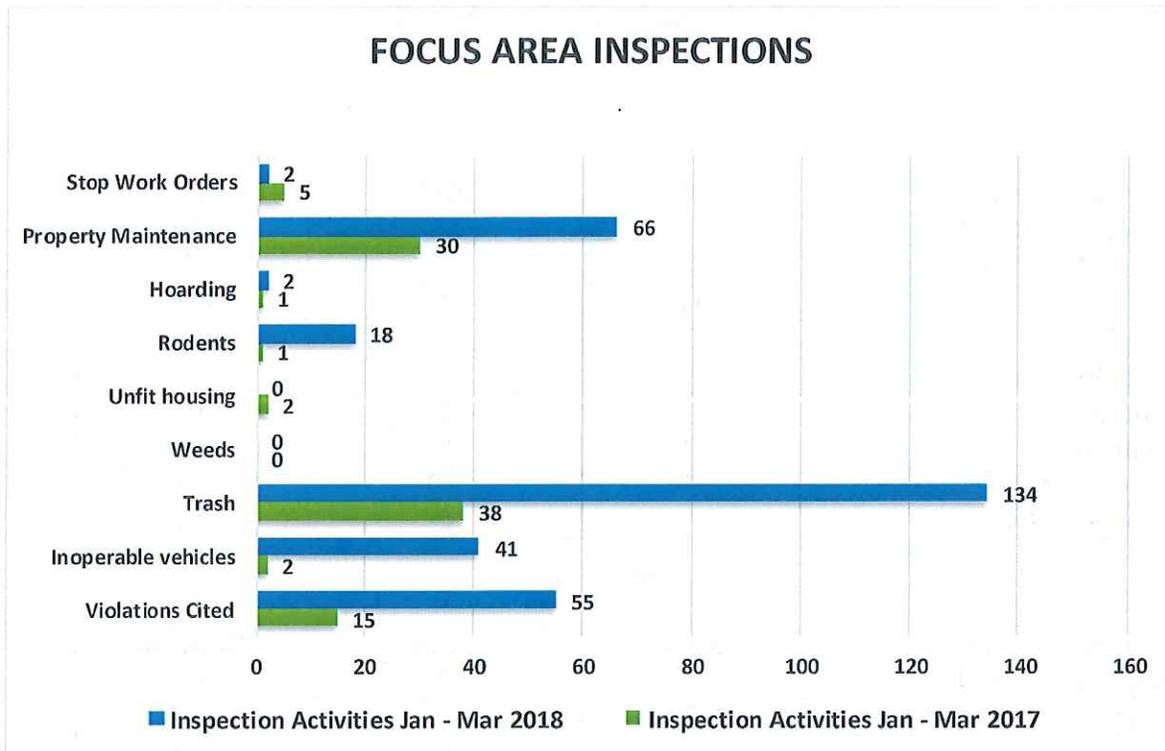

Goal: To learn how our Alexandria can be as healthy as it can be

Benefits of approach:

- Allows local stakeholders to collaboratively survey the community over 1 year to identify and compare critical health needs across the City
- Leads to developing an informed, comprehensive Community Health Improvement Plan strategically based on best practices for policy, system, and environmental change
- Provides feedback to communities as they institute local-level change for healthy living
- Status: Community engagement activities underway; kickoff meeting at the end of April
