Caregiver Tip: New Years Resolutions for Caregivers

New Year's resolutions can be traced back to ancient times. Babylonians, Romans and Medieval Europeans made religious vows at the beginning of the year. Today it is a time to consider the things we want to accomplish, and resolve to make a new start.

Here are some caregiver resolutions worth considering:

- **Make realistic resolutions.**
- **Take care of your physical, spiritual and emotional health.**
- **See your care partner as a vital person**
- **Accepting help is not a failure**
- **Fall proof your home**
