

What is the CYFCC?

- The Children, Youth, and Families Collaborative Commission (CYFCC) **is an official advisory group** of the City of Alexandria whose members are appointed by members of the City Council and the School Board.
- **Our goal** is an Alexandria where all children, youth, and families are physically safe and healthy, are academically successful and career-ready, and have positive experiences
- **The CYFCC provides advice, advocacy, and pertinent information** to Alexandria City staff, City Council, School Board, and other relevant entities in order to influence policy and decisions that result in better outcomes for children, youth, and families in Alexandria. Specifically, the CYFCC provides oversight of the Children and Youth Community Plan (CYCP) and monitors its implementation.
- **Some recent accomplishments include**
 - Joining the Alexandria Campaign on Adolescent Pregnancy (ACAP), and the Substance Abuse Prevention Coalition of Alexandria (SAPCA) to host the event *Alexandria Youth Speak Up*, a forum [taking place on December 9](#) to lift up youth voices in our community
 - Providing advice about desired key investments in children, youth, and families to the Alexandria City Council for consideration in their annual Budget Retreat and budgeting process
 - Successfully advocating for the adoption of our second Children and Youth Community Plan (CYCP) to guide the City's support of and investments in children and youth in our community

Why do we need your help?

- We are seeking **commissioners to be front-line advocates for children, youth, and families in our City**. They leverage their unique perspectives, lived experience, expertise, and community networks to advance the work of the CYCP while also serving in key roles within the CYFCC structure.

What do we do?

- **Commissioners participate in Goal Groups**, organized around the three key goals (children and youth are (1) Safe and Healthy, (2) Academically Successful and Career-ready, (3) Have Positive Experiences) of the CYCP, to advance the strategies within their respective goals.
- **Commissioner activities can include:**
 - advocacy to decision-makers to advance policies or secure funding,
 - participating in or hosting relevant events on behalf of the commission,
 - conducting research or supporting data collection and synthesis,
 - communicating about the work of the commission and the many champions implementing the CYCP,
 - and generally supporting the implementation of the CYCP.

What is the time commitment?

- Commissioners generally attend two meetings per month and they may do independent work for the commission outside of meeting times. The time commitment is generally 3-4 hours per month.

- **General meeting:** Second Wednesdays from 7-8:30pm (currently on Zoom - eventually in-person). *Commissioners must be able to attend these meetings regularly.*
- Each goal group has a **standing meeting once per month** to work on a project or conduct relevant work.
- Leaders of the CYFCC and any interested commissioners attend the Executive Committee meetings on the fourth Thursday of each month from 6-7:30pm.
