

## The Partnership to Prevent and End Homelessness in the City of Alexandria 2019 Rapid Rehousing Reallocation Announcement

The Partnership to Prevent and End Homelessness in the City of Alexandria is a broad and diverse group of homeless service providers, local government agencies, and community stakeholders working together to make homelessness rare and brief in the City. As the area's Continuum of Care (CoC), the Partnership is responsible for promoting a systematic approach towards local homeless assistance, including prioritizing state and federal funding for programs that most effectively address the community's needs.

The Partnership is pleased to announce two opportunities to apply for homeless assistance funding for family Rapid Rehousing (RRH) projects in the City, one through Virginia's Homeless Solutions Program (VHSP) and one through the Dept. of Housing and Urban Development (HUD) CoC program. Organizations that are interested in applying for either RRH funding opportunity should review all 2019 RRH Reallocation materials linked in this message and on the [Partnership's webpage](#).
