

How to Cast Your Ballot Using Verity Scan

Step One:

Mark your ballot in blue or black ink, filling in the box to the left of each choice.

Step Two:

Review your ballot carefully to confirm your selections

Step Three:

Insert the voted ballot into Verity Scan. Flashing green arrows indicate the location of the scanner feed. Ballots can be inserted in any orientation.

Step Four:

After you insert your ballot, Verity Scan displays a "Processing" screen.

Step Five:

Once your ballot is accepted, you'll see the waving U.S. flag indicating success!
