

The City of Alexandria needs your feedback!

The Information Technology Services Department of the City of Alexandria is in the early stages of updating its online system of interactive maps to be more meaningful, usable, and interactive for the community.

We need your input! Participate in a brief, hands-on exploration of the system prototype to help us in our development of this tool for potential users.

Upcoming opportunities to participate in-person at various locations throughout the City are posted in detail on the project's [website](#). Please check for times and details.

Scan the QR Code with your mobile device to learn more, or visit www.alexandriava.gov/GIS.

Alternatively, online participation is available and can be accessed by visiting the website (www.alexandriava.gov/gis).

Interested in participating? Just show up! Questions? Contact Katherine Carraway, 703.746.3855, Katherine.Carraway@alexandriava.gov.
