

# Alexandria Archaeological Resource Areas

March 2002, Version 1

### Legend

- Land that may have the potential to contain significant archaeological materials: All development requiring a site plan, development special use permit or erosion control plan shall follow the Archaeological Protection Procedure. (All shades of blue/purple.)
- Land where only specific properties may have the potential to contain significant archaeological materials: All development requiring a site plan, development special use permit or erosion control plan on these properties shall follow the Archaeological Protection Procedure. (All shades of green.)
- Land not included in Archaeological Resource Areas: Site plans, development special use permit plans, erosion control plans, subdivision requests and zoning requests are reviewed for archaeological potential at the time of submission.

Data Resources: This map is based on the Resource Areas designated in the Archaeological Protection Procedure, as enacted on November 18, 1989. For more information, please contact Alexandria Archaeology, a Division of the Office of Historic Alexandria.

Mapping Standards:  
 Coordinate System - NAD83 State Plane Virginia North  
 Projection - Lambert Conformal Conic
