Source: [NLIHC database](#), updated 6/20/20. From the website: *The database and map are not comprehensive; they do not include data on single family rental homes of one to four units that are also protected under the CARES Act, and they do not include all Fannie Mae and Freddie Mac multifamily mortgages.*

You can also check a property's status in relation to mortgages supported by Fannie Mae, Freddie Mac, or the Federal Housing Administration (FHA) using their multifamily lookup tools. The Fannie Mae tool can be found [here](#), the Freddie Mac tool can be found [here](#), and the FHA tool can be found [here](#).
