

Resolution No.

WHEREAS, the City Council of Alexandria (City), on March 21, 1972, adopted Resolution 99, which stated that it was the City's position that "whenever private or public development or redevelopment makes the elimination of public housing necessary or desirable, and for so long as the present inventory of public housing is felt by the City of Alexandria and the Alexandria Redevelopment and Housing Authority (ARHA) to be a necessary part of the housing stock of Alexandria, the City will adopt and implement or secure the adoption and implementation of a plan of relocation and reconstruction of such units prior to the demolition or other impairment of units affected by the development or redevelopment"; and

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF ALEXANDRIA, VIRGINIA

The City and ARHA reaffirm the continued preservation of 1,150 existing affordable housing units (See Attachment A) so that if development or redevelopment activity would eliminate any of these units, the eliminated unit will be replaced. It is the intent of this Resolution that none of the affordable housing units outlined in Attachment A be demolished unless replacement housing is available; that no tenant be displaced until they can be moved to replacement housing; that all monies realized from the sale or lease of any public housing project be used to benefit the living environment of public housing residents; and that all relocation expenses will be borne by ARHA and/or its designated development partner. The City and ARHA affirm that no such activity can proceed prior to the adoption of a Housing Plan which provides for the replacement of the housing outlined in Attachment A and provides for the relocation of existing tenants of these ARHA units. The Housing Plan will be submitted by ARHA and/or its designated developer partner to the City at the time of submission of a development application.

Revised 13

Revised 12

For the purposes of this Resolution, any of the 1,150 affordable housing units outlined in Attachment A that are demolished shall be replaced by an equal number of affordable housing units financially assisted by federal, state, or local housing programs or other subsidized housing programs such as the low-income housing tax credit program that facilitate long- term affordability . The size and affordability levels of replacement units shall be responsive to local market demand and the housing needs of existing ARHA households immediately impacted by the proposed redevelopment.

Revised 14

In the event that current federal, state, or local housing programs are changed, modified or phased out, the terms of this Resolution shall be interpreted to mean ARHA replacement units shall be housing that most closely approximates the housing programs in effect at the time of this Resolution’s adoption; including, in terms of the benefits provided and the targeted economic group served.

Revised 15

Upon adoption, this Resolution supersedes City Council Resolution 830, adopted on December 8, 1981 and amended on April 27, 1982.
