

# KENWOOD AVENUE PEDESTRIAN AND BICYCLE IMPROVEMENTS

## BETWEEN KING STREET AND VALLEY DRIVE

### DESCRIPTION

Kenwood Avenue is being resurfaced in Summer 2017. In conjunction with resurfacing, this project will provide the following pedestrian and bicycle improvements:

- Narrowing existing travel lane widths that encourage vehicular speeding
- Installation of high visibility crosswalks at select intersections
- Re-location of DASH bus stops and installation of concrete pads to make bus stops ADA-compliant
- Installation of bicycle facilities
  - Reduces effective crossing distance for pedestrians
  - Visually narrows the travel lane width for drivers and reduces vehicle speeds
  - Provides safer and easier to navigate street for bicyclists
  - Does not impact parking

### CONTACT

Please contact Ray Hayhurst, Complete Streets Coordinator, at [raymond.hayhurst@alexandriava.gov](mailto:raymond.hayhurst@alexandriava.gov) if you have any questions or concerns.
