Holmes Run
Fair Weather Crossing
Project History

- Project developed based on RPCA’s solicited input from the community

- Project was endorsed by the Park and Recreation Commission in March 2014

- Design and Construction phases are fully funded

- Replacement of the existing fair weather crossing with a new accessible pedestrian bridge

- New on-street bicycle route (alternative route to be used during flooding events)
Project Status

• Development of the construction plan is currently underway

• Design completion anticipated for late Fall 2015

• Construction is anticipated to begin in late Spring 2016

• Construction duration approximately 12-18 months
