

# W. Abingdon Traffic Calming

The West Abingdon traffic calming project was initiated by resident requests and a petition from Nethergate Community Association. The City of Alexandria collected data, approved the request and will be installing speed cushions at two locations along West Abingdon Road between Bashford Lane and 2<sup>nd</sup> Street.

- A new crosswalk at 2nd Street and West Abingdon will be installed in conjunction with this project
- Pending weather conditions, installation is planned for this spring
