The bill also requires registration records to be closed for the purpose of registering voters during the three days prior to any election. Summary: Marijuana; decriminalization of simple marijuana possession; penalty.

Under current law, a first offense is punishable by a maximum fine of \$500 and a maximum jail sentence of 30 days, and subsequent offenses are a Class 1 misdemeanor. The bill creates a rebuttable presumption that a person who possesses no more than one-half ounce of marijuana possesses it for personal use and provides that the existing suspended sentence

Primary Sponsor: [Senator Frank M. Ruff, Jr.](#)

Summary: Remote sales and use tax collection; sufficient activity by dealers and marketplace facilitators as to require registration for sales and use tax collection. Directs the Department of Taxation (the Department) to require a remote seller to collect sales and use tax if the seller has more than \$100,000 in annual gross revenue from sales in Virginia or at least 200 sales transactions in Virginia and requires a marketplace facilitator, which enables marketplace sellers to sell in Virginia through its marketplace, to collect sales and use tax if its annual gross revenue from facilitated sales in Virginia exceeds \$100,000 or it facilitates at least 200 sales transactions in Virginia. The bill provides that the obligation of remote sellers and marketplace

facilitators to collect sales and use tax shall not apply to transactions occurring before July 1, 2019.

The bill provides that in administering remote sales and use tax collection, the Department shall provide information to remote sellers to allow them to identify state and local tax rates and exemptions. For auditing purposes, the Department is directed to allow a remote seller to complete a single audit covering all localities. The bill requires the Department to give remote sellers at least 30 days' notice of any change in tax rate.

The bill provides that if a remote seller or marketplace facilitator collects an incorrect amount of tax, it shall be relieved of liability for failure to collect the correct amount if the error is the result of its reliance on information provided by Virginia. The bill also relieves a marketplace facilitator of liability if it collects an incorrect amount of tax based on certain incorrect information provided by a seller or purchaser.

The bill repeals several contingent provisions of previous related bills that would take effect if the United States Congress enacted legislation related to remote sales and use tax collection. The bill contains technical corrections.
