SUBJECT: Special Use Permit #2014-0119
          Administrative Review for Change of Ownership
Site Use: Restaurant
Applicant: 1106 Steak LLC
Location: 1106 King Street
Zone: KR / King Street Retail

Request
Special Use Permit #2014-0119 is a request to change ownership of an approved restaurant,
previously known as Notting Hill, from Notting Hill Restaurant & Bar LLC to 1106 Steak LLC.
No changes to the existing SUP conditions are proposed. The applicant expects to operate the
restaurant with an American steakhouse and small-plates concept but has not yet decided on the
trade name for the business.

Background
A restaurant has operated at this location since 1985. Le Gaulois, a French restaurant, operated
here for many years until it closed in 2009. Although actively marketed as a potential restaurant
use, the space remained vacant until approximately December 2012, when Notting Hill
Restaurant opened following administrative approval of a change of ownership (SUP#2012-0068).

In early 2013, City staff observed both BAR-related and Code-related violations at the new
restaurant. In May 2013, Planning & Zoning staff received complaints about loud music coming
from the business. Upon inspection, staff found evidence of noise, parking and several other
violations of the Special Use Permit conditions. The restaurant owner corrected some of these
violations promptly, while other violations continued and necessitated the issuance of tickets
with monetary fines. The owner also attempted to address certain violations by applying for
amendments to his existing Special Use Permit.

SUP#2013-0074, the most recent SUP at the site, was a request to entirely eliminate the off-
street parking requirement for the use (Condition #7), to allow outdoor live entertainment, to
allow outdoor loudspeakers, and to allow after-the-fact approval of a bar that the owner had
installed without permits in the outdoor dining area. In December 2013, City Council approved
the SUP only for a reduction in the number of parking spaces required from 33 down to 15. It did
not entirely eliminate the off-street parking condition, as requested, and also denied the music-
related and outdoor bar requests.
Following approval of SUP#2013-0074, staff issued two notices of violations in April 2014 to the owner of Notting Hill for several SUP violations, including his not providing the required number of off-street parking spaces and not removing loudspeakers and the outdoor bar as required in newly-included Conditions #42 and #43 of SUP#2013-0074. Although the loudspeakers were eventually removed, other SUP violations were not corrected by early June 2014, when Notting Hill permanently closed for business.

The applicant for this change of ownership request has operated a restaurant since late 2003 that is known as Al La Lucia at 315 Madison Street in North Old Town. Staff has not observed any SUP violations at that restaurant in the last 11 years. The applicant plans to continue operating that use at that location separate from the current proposal.

**Parking**

The subject property is located within the Central Business District (CBD). Restaurants located within the CBD are exempt from parking requirements pursuant to Section 8-300(B) of the Zoning Ordinance. However, Condition #7 of the existing SUP, which was modified one year ago in SUP#2013-0074 and has been carried forward into the current request, requires the applicant to obtain 15 off-street parking spaces for the use.

**Community Outreach**

Public notice was provided through eNews, via the City’s website, and by posting a placard on the site. In addition, the Old Town Civic Association, Old Town Business and Professional Association, Upper King Street Neighborhood Association, and King Henry Court Condominium Association were sent an e-mail with information about the current application. Staff has not received any comments from the public regarding this request.

**Staff Action**

Staff supports the change of ownership and notes that this request will allow for the opening of a new, locally-owned restaurant in this currently vacant tenant space in Old Town. Staff has discussed the existing SUP conditions, as well as the violations that occurred at the site in 2013 under prior ownership, with the new owner. He understands the existing conditions and the importance of adhering to them, as evidenced by the operation of his existing business for 11 years with no SUP violations.

Securing off-street parking has been an important consideration in the current request. Following conversations with staff and the Alexandria Economic Development Partnership (AEDP), the applicant has found 15 off-street parking spaces at the Coal Yard property at 205 South Henry Street, located about a block-and-a-half south of the site. Previous restaurant owners have also used this site to fulfill the SUP parking requirement in the past, and staff continues to believe it is an acceptable solution to fulfilling the off-street parking requirement in Condition #7.

Existing SUP conditions have been carried forward into this request with three changes. Condition #42 requiring the removal of loudspeakers has been satisfied and deleted. Given staff’s confirmation that the outdoor bar has been removed, staff has deleted Condition #43. Condition #22 has also been amended to eliminate the automatic one-year review before Planning Commission and City Council and to return the review requirement to the standard one-
year review language included in all SUPs. The purpose of the stricter language as approved in SUP#2013-0074 was to provide assurance to the Planning Commission and City Council that the prior owner was not continuing to operate out of compliance with other SUP conditions. Staff does not believe such language is necessary now that the prior restaurant has closed and new ownership is proposed.

Staff hereby approves the Special Use Permit request.
