**2. Describe below the nature of the existing operation in detail** so that the Department of Planning and Zoning can understand the nature of the change in operation; include information regarding type of operation, number of patrons served, number of employees, parking availability, etc. (Attach additional sheets if necessary.)

~~Currently, Layla's operates a Lebanese restaurant at this location. The restaurant is open from 11:30am to 10pm Tuesday through Sunday and 4:30pm to 10pm on Monday. They have 40 seats in the dining room and 12 bar stools at the bar. They also have 18 additional seat at tables in that section. They have 11 employees, but no off-street parking is provided. Based on their annual revenue and estimated average check of \$20 per person, they serve on average 75 patrons per day.~~

~~Mackie's will be a classic steak-house, serving dry-aged steaks along with upscale sides, appetizers, and salads/soups. We will be baking bread and making desserts in-house. We will use many locally and organically grown produce and ingredients in our dishes. Mackie's will have about 15 employees, at least 3 of whom off-street parking will be provided through the parking lot in front of Misha's coffee house on Patrick St. and Morrison House's parking garage on Alfred St.~~

~~By increasing hours that we are open and by having a higher average checks, we expect to double Layla's annual revenue. By advertising to local offices and businesses, talking with local hotel concierges, and providing exceptional food, we hope to increase the number of average daily patrons as well.~~

~~Currently, Layla's has only one television. We will increase that number to 4 but will not have a DJ or any sort of live music at the bar section. We hope to have a pianist or a solo acoustic guitarist in the dining room as background music on Fridays and Saturdays.~~
