SUBJECT: Special Use Permit #2014-0093
Administrative SUP for Change of Ownership
Site Use: Service Station and Convenience Store
Business Name: Shell Service Station and Convenience Store
Applicant: Inayat Omar
Location: 5200 Duke Street
Zone: CG/Commercial General

Request

Special Use Permit #2014-0093 is a request to change the ownership of an automobile service station and a convenience store from Robert J. Anderson to Inayat Omar. No additional changes are proposed to the existing operation. The establishment would continue to operate as Duke Street Shell.

Background

A Shell service station has operated at this site since 1964 (SUP#0572). City Council approved several modifications to the station through SUP#1457 in 1982 and SUP#1457A in 1994. City Council permitted SUP#96-0084 in 1996 for additional parking and the use of a temporary trailer.

In 2011 and 2012, staff responded to complaints regarding overgrown grass which the business owner immediately remedied. A zoning inspection in 2010 resulted in a warning ticket for an illegal sign and the business owner promptly removed the signs.

Parking:

The 2,047 square foot service station is required to provide six parking spaces pursuant to Section 8-200(A)(12) of the Zoning Ordinance. The business exceeds the zoning requirement with thirteen parking spaces.

Community Outreach

Public Notice was provided through eNews, via the City's website, and by posting a placard at the site. In addition, The Cameron Station Civic Association, Holmes Run Park Committee, Pavilion on the Park Condominiums, Cameron Station Community Association, and the Hallmark Condominiums have been informed of the change of ownership request. Staff has not received any comments from residents or adjacent businesses during the noticing period.

Staff Action

Staff supports the change of ownership and it views the request as reasonable. A service station has successfully operated at this site for several decades and is located near other automobile related businesses.

Several conditions have been carried over from the previous SUP and have been amended to incorporate current standard language. Because the parking plan has been previously addressed, Condition 3 has been amended. The temporary storage trailer has been removed and the appearance of the service station property has been improved, requiring the deletion of Conditions 13 and 14, respectively. The disposal of waste products is mandated in Condition 11 and negates the need for Condition 10 which has been deleted. Lastly, the SUP conditions in this report have been updated with the addition of Conditions 15-24, that include litter, public transportation requirements, reference to the City of Alexandria Best Management Practices manual, and delivery schedules.

Staff hereby approves the Special Use Permit request.
