Background
Over the years, City Council has granted Special Use Permit approvals to accommodate day care facilities and private academic schools in the education wing of the Fairlington Presbyterian Church. In 1954, City Council approved SUP #145 which approved a half-day day care and private school. By 1968 the school received permission from City Council to expanded the operations to allow a full-day program through SUP #743. Approval for a half-day, three-day, day care operation for up to 75 children was granted in 1989 through SUP #2223. City Council subsequently amended SUP #2223 in 1995 to expand the existing operations to a five-day program through SUP #1995-0147. In 1998, City Council approved SUP #1998-0013 to amend the hours of operation. On May 12, 2007, City Council approved SUP #2007-0022 which approved a private school to teach computer and job skill classes to adults in a portion of the education wing. On May 16, 2105 City Council approved SUP #2015-0010 to allow a combined day care and private academic school with up to 78 students from pre-school age through the fifth grade level to operate in six classrooms on two floors of the education wing at the Fairlington Presbyterian Church.

A site inspection and one year review in August 2016 found no violations of the Special Use Permit conditions.

Parking
Section 8-200(A)(11) of the Zoning Ordinance requires an elementary school to provide one parking space for every 25 students and a day care to provide two parking spaces per classroom. With 54 elementary aged children and one day care classroom the applicant is required to provide five off-street parking spaces. The applicant exceeds their parking requirement by providing 12 dedicated off-street parking spaces for employees in the church’s surface parking lot and access to all 117 spaces in the church parking lot.

Community Outreach
Public notice was provided through eNews, via the City's website, and by posting a placard on the site. In addition, the Seminary Hill Association and the Park Place Condominiums were sent an e-mail with information about the current application. Staff has not received any comments from residents or adjacent businesses.

Staff Action
Staff supports the applicant’s request for a minor amendment to add a classroom within the education wing to be used as a classroom for elementary aged children. The applicant proposes to maintain all other operating conditions, such as hours and the total number of students and staff, and as such does not create the potential for additional impacts on the nearby residential community.

Staff has carried forward prior SUP conditions regulating the hours, the number of children, trash storage, and other standard SUP conditions. Staff amended Condition #10 related to off-street parking requirements for staff and added Condition #14 which encourages the use of alternative forms of transportation for staff to reflect standard
condition language. Staff also modified Condition #12 to update conditions related to adherence to the City's noise ordinance.

Staff hereby approves the Special Use Permit request.
