SUBJECT: Special Use Permit #2017-0053
          Administrative Review for New Use
          Site Use: Restaurant
          Applicant: Scott Shaw
          Location: 106 North Lee Street
          Zone: CD / Commercial Downtown

Request
Special Use Permit #2017-0053 is a request to operate a 58-seat restaurant at 106 North Lee Street. The hours of the operation would be 6 a.m. to 10 p.m., Monday through Saturday, and 8 a.m. to 9 p.m., Sunday. The 1,850 square foot restaurant would operate on the first floor within a 13,000 square foot building to be called “Founders Hall.” Founders Hall would also include a separate retail area on the first floor as well as offices on the second floor. The fast, casual restaurant would operate with orders taken at a counter and serve pastries, acai bowls, cold pressed fruit juices, coffee, and alcoholic beverages. Approximately 400 patrons are expected each day.

Background
Since 1991, City Council has approved several Special Use Permits for restaurants at this building, which was formally known as the Portside Building. Between 1991 and 2005, retail establishments co-existed with restaurants in the building. Retail establishments operated solely at the site from 2005 until May 2017, when the applicant’s limited liability corporation, Founders Hall, LLC, purchased the building.

Parking
Section 8-300(B) of the Zoning Ordinance waives the parking requirement for restaurants located within the Central Business District. The applicant, therefore, is not required to provide off-street parking for the proposed restaurant.

Community Outreach
Public Notice was provided through eNews, via the City’s website, and by posting a placard at the site. In addition, the Old Town Civic Association and the Old Town Business and Professional Association were informed of the new restaurant application. Staff received two comments from residents related to the SUP request for a restaurant. One resident suggested that an additional restaurant in the historic district was not appropriate and the use would generate
parking issues. A Torpedo Factory Condominium resident expressed concerns that the restaurant would serve alcohol and at hours until 12 a.m. on Friday and Saturday nights, as originally proposed. The applicant responded to the resident’s concerns and revised the proposed closing hours to 10 p.m. on Fridays and Saturdays.

Staff Action

Staff supports the applicant’s request to operate a restaurant within the commercial mixed-use building at 106 North Lee Street. As the relatively large building has traditionally accommodated a synergistic combination of commercial uses, the proposed restaurant would likewise provide a complement to the office and retail uses that are planned at the site. A fast-casual dining option would also provide an on-site amenity for shoppers and office workers.

In compliance with the Old Town Restaurant Policy, staff has analyzed the use and its potential impacts on parking, litter, as well as alcohol and late hours. An assessment of the diversity of uses is also reviewed:

Parking:
Staff does not expect parking impacts as a reasonable share of the restaurant patrons will be office employees and shoppers of the on-site businesses who have already travelled to Founders Hall. Many may choose alternative forms of transportation to reach the commercial mixed-use building, such as the King Street Metro, Metrorail and Dash bus, BikeShare, or the King Street Trolley. Three parking garages could accommodate the customers and office workers who drive to the destination. Parking impacts are minimized by the requirements of Conditions 19 -23, which include mandates that employees must park off-street and the applicant must encourage patrons and employees to use of public transportation.

Litter:
Impacts from litter are not anticipated as trash receptacles would be included within Founders Hall and the applicant is required to survey the property and adjacent areas for litter three times a day, as stated in Condition 16.

Alcohol and Late Hours:
The 10 p.m. closing hours on Monday through Saturday and the 9 p.m. business closing on Sunday would not contribute to alcohol impacts in the neighborhood. These hours are earlier than the closing hours for several restaurants on King Street, located a short distance away. Nonetheless, the applicant is required to educate its employees on the prevention of underage sales of alcohol, as stated in Condition 7.

Diversity of Uses:
Staff does not believe that a restaurant at this location would result in an imbalance of uses. It would be a relatively small restaurant which would support the diverse retail and office uses in Founders Hall and complement the existing commercial uses on nearby King Street.

Staff hereby approves the Special Use Permit request.
