SUBJECT: Special Use Permit #2017-0053
         Administrative Review for Change of Ownership
         Site Use: Service Station and Convenience Store
         Applicant: M. Naser Omar & Sons Corp.
         Location: 5200 Duke Street
         Zone: CG / Commercial General

Request
Special Use Permit #2017-0054 is a request to change ownership of an existing service station and convenience store from Inyat Omar to M. Naser Omar & Sons Corporation. No changes to the operation are proposed.

Background
A Shell service station has operated at this site since 1964 (SUP#0572). City Council approved several modifications to the station through SUP#1457 in 1982 and SUP#1457A in 1994 that allowed for an addition to a kiosk and canopies at the site. City Council approved SUP#96-0084 in 1996 for additional parking and the use of a temporary trailer. In 2014, SUP #2014-0093 was approved for a change of ownership.

In 2011 and 2012, staff responded to complaints regarding overgrown grass which the business owner immediately remedied. Again in 2015 and 2016, staff responded to complaints regarding tall grass surrounding the property. A zoning inspection in 2010 resulted in a warning ticket for an illegal sign and the business owner promptly removed the signs. During the noticing for SUP #2017-0054, staff received a complaint about tall bushes between South Pickett Street and the Shell station. Staff contacted the applicant and informed him of the complaint. Staff also added Condition #25 to ensure the site is maintained in adequate fashion.

Parking
The 2,047 square foot service station is required to provide six parking spaces pursuant to Sec. 8-200(A)(12) of the Zoning Ordinance. The business exceeds the zoning requirement with thirteen parking spaces.

Community Outreach
Public notice was provided through eNews, via the City’s website, and by posting a placard on the site. Staff has not received any comments from residents or adjacent businesses that would require staff to docket the special use permit for public hearing.
Staff Action
Staff does not object to the change of ownership request. As staff has received a complaint regarding bush height alongside Pickett Street and there exists a history of tall grass at this location, Condition #25 is added to ensure adequate appearance and to ensure compliance with the vision clearance per Sec. 7-801. The vision clearance regulation states no shrubbery can exceed three and one-half feet in height from the curb level in order to maintain a visibility for drivers and pedestrians. Older conditions have been carried over from SUP #2014-0093 and language has been updated where needed. Staff hereby approves the Special Use Permit request.
