SUBJECT: Special Use Permit #2017-0057  
Administrative Review for Minor Amendment  
Site Use: Restaurant

Location: 2850 Eisenhower Avenue  
Zone: OCM (100) / Office Commercial Medium (100)

**Request**

Special Use Permit #2017-0057 is a minor amendment request at an existing restaurant at the Alexandria Tech Center at 2850 Eisenhower Avenue. The establishment is located on the ground floor in the southwestern portion of a ten-story office building. The applicant proposes to increase the amount of indoor seating from 25 to 51 seats, for a total of 65 restaurant seats. No other changes to the operation are proposed.

**Background**

City Council approved SUP #2012-0023 in May 2012 to the applicant for the operation of a forty-seat restaurant. Staff administratively approved SUP #2013-0028 in 2013 for a minor amendment to increase operating hours, permit on-premises alcohol and add limited live entertainment for the current establishment. The current operation largely serves workers and visitors of the Alexandria Tech Center.

On April 13, 2017 staff visited the subject property and found one violation of Special Use Permit #2013-0028, Condition #2, which limits the applicant to 40 seats. The violation subsequently brought the applicant in to file for a minor amendment for additional seating. Staff has not received any complaints that would require staff to docket the special use permit for public hearing.

**Parking**

Staff does not anticipate parking issues at this location as many customers are working in the office centers already. This property is also subject to a Transportation Management Plan (SUP #2111) which accounts for the uses located within the Alexandria Tech Center.

**Community Outreach**

Public notice was provided through eNews, via the City’s website, and by posting a placard on the site. Staff has not received any comments from residents or adjacent businesses that would require staff to docket the special use permit for public hearing.
Staff Action
Staff does not object to the minor amendment request as the additional seating will create a minimal impact on nearby uses. As described by the applicant, many customers work nearby and expanded seating will provide an amenity to workers. Conditions have been carried over from SUP #2013-0028 to minimize potential impacts such as noise and environmental concerns. Staff hereby approves the Special Use Permit request.

Transportation & Environmental Services:
F-1 The applicant requests the addition of twenty-five seats, totaling 38 indoor seats and 14 outdoor seats. Outdoor dining is exempt from a parking requirement; therefore, at 38 seats the applicant would typically be required to provide 10 parking spaces; however, the applicant’s parking is governed by the Carlyle SUP and the applicant is not required to provide more spaces.

F-2 The applicant currently supplies 6 off-street parking spaces for customers in front of the main Alexandria Tech Center Drive Aisle. The City’s Commercial Parking Study, staff recently surveyed the adjacent PenFed garage and found it to be 61% occupied during standard business hours. Staff assumes the adjacent building has similar occupancies.

F-3 The applicant and staff acknowledge that the majority of patrons utilizing this site are existing office employees who walk to the site.
