SUBJECT: Special Use Permit #2018-0004
          Administrative Review for New Use
          Site Use: Restaurant
          Applicant: DVA Eisenhower – 2415 LLC
          Location: 2415 Eisenhower Avenue, 1C
          Zone: CDD #2

Request
Special Use Permit #2018-0004 is a request to operate a restaurant at 2415 Eisenhower Avenue,
unit 1C. The hours of operation are proposed as 7 a.m. to 11 p.m., daily and the applicant
proposes eight indoor seats. The business will sell donuts, sandwiches and a variety of beverages
to customers. The applicant does not propose alcohol sales, delivery, no outdoor seating, or live
entertainment. The restaurant will provide table service and carry-out service. The business plans
to operate under the name Dunkin Donuts.

Parking
Parking for commercial uses at 2415 Eisenhower Avenue was reviewed and approved under
DSUP#2013-0018. Therefore, the restaurant meets its parking requirements.

Community Outreach
Public notice was provided through eNews, via the City’s website, and by posting a placard on
the site. In addition, staff sent an email notification to the Rossmont Citizens and Old Town
Civic Associations. Staff has not received any comment on the request.

Staff Action
Staff supports the applicant’s request for a restaurant at this location. A restaurant use at a
ground floor unit is not uncommon among recently constructed office buildings. The proposed
use would provide a quick-dining service for commuters coming and going to the Eisenhower
Avenue Metro Station and workers in the National Science Foundation. Staff analyzed the
request for potential impacts however, due to the business nature, small size, availability of trash
cans, and proposed hood vent system; impacts arising from this use are anticipated to be minimal.
The applicant originally intended to apply for an opening hour of 5 a.m., however Condition #37
of the governing Development Special Use Permit for the site requires an applicant, desiring an
opening hour earlier than 7 a.m., to file for a full hearing special use permit. As such, the
applicant will file a special use permit to amend this administrative SUP for an opening hour of 5
a.m., daily.
Staff has included Condition #2 relating to hours of operation and Condition #9 which limits the seating capacity eight seats. Staff has included conditions to mitigate potential impacts, and ensure compatibility in this commercial neighborhood such as Conditions #12 through #15 requiring the applicant to encourage employees to take public transportation and provide information on nearby parking facilities. Staff has also included conditions (conditions #16-#21) for storm water management and storage.

Staff hereby approves this Special Use Permit request.
