Community Planning Process to Update Plans for Arlandria and Del Ray

November 21, 2019
Upcoming projects nearby:

- North Potomac Yard Metrorail Station
- Amazon in Crystal City
- Virginia Tech Innovation Campus in North Potomac Yard

Together, let’s create a vision for the future of the neighborhood!

- What’s important to you?
- What needs improvement?
- What do we need to preserve?
We know we can build stronger communities when residents are involved from the very beginning. That’s why we’re meeting people where they live, work and play to get their thoughts on what their community should look like in the future.
# Planning Process

## PHASE 1:
- **October – December 2019**: Community Conversations
- **February 2020**: Planning Commission & City Council Briefings

## PHASE 2:
- **March 2020 – April 2021**: Planning & Community Engagement
- **January – April 2021**: Draft Plan Review; Public Hearings

The plans governing Mount Vernon Avenue in the Arlandria and Del Ray neighborhoods were approved in 2003 and 2005.
Thank you for being here this evening!

Tonight:

1. In small groups, you will identify issues of importance in YOUR neighborhood. Each group has a facilitator who will take notes.

2. We will ask you to respond to a quick questionnaire.

3. We will learn from you: how can we best keep you informed and active in the process?

Your feedback is important in developing the framework for the overall planning process.
Now, let’s talk about your neighborhood!
