OAKVILLE
COMMUNITY PARK
REVISED CONCEPT DESIGN

05 NOVEMBER 2020
WHAT WE HEARD

+ The path bisects the park and limits programming opportunities; maximize large open lawn
+ Options lack excitement/interest
+ Design for all ages and abilities; multi-generational activities
+ Incorporate natural play/amenity areas

GOALS FOR THE PARK

+ Design for flexible uses
+ Framework to evolve and adapt
+ Draw different user groups
+ Embracing Mount Jefferson Park
+ Provide an educational aspect: historical interpretation, how the landscape changes over time
+ “Legacy element” - grows as the park grows
+ Materiality of the site
+ Sustainability
