SUBJECT: Special Use Permit #2020-0005
Administrative Review for Minor Amendment
Site Use: Restaurant
Applicant: Wen Ji Zheng
Location: 1669 North Quaker Lane
Zone: CL/Commercial Low

Request
Special Use Permit #2020-00005 is a minor amendment to Special Use Permit #2008-00022 to increase indoor restaurant seating from 16 seats to 28 seats at an existing restaurant, May Island. The hours of operation will remain as 11:00 am to 10:00 pm Monday through Thursday, 11:00 am to 10:30 pm on Friday, and 11:30 am to 10:00 pm on Saturday and Sunday. The applicant does not propose any other changes to the operation.

Background
The subject property was developed in 1962 as a one-story commercial building with two tenant spaces and included the construction of a 10-space parking lot. The building is located on a lot of record with 85 feet of frontage along North Quaker Lane and 180 feet of frontage along Dogwood Drive. On May 20, 2008, City Council approved SUP #2008-00022 to allow for operation of a restaurant with 16 indoor seats at 1669 North Quaker Lane. The restaurant and a 7-Eleven convenience store are the two tenants in the building. Entrance to the property can be accessed from North Quaker Lane and Dogwood Drive.

A warning for violation of Condition #4, restricting the number of seats to 16, of SUP #2008-00022 was issued on December 17, 2019. A follow-up inspection took place on January 9, 2020, and the inspector found that the applicant complied with all SUP conditions. The applicant subsequently submitted this request to increase the number of seats.

Parking
Section 8-200(A)(17)(b) of the Zoning Ordinance requires restaurants to provide a minimum of one parking space for every 1,000 square feet of floor area when the property is located outside of the Enhanced Transit Area. The subject establishment contains a total of 1,400 square feet, which requires that two off-street parking spaces be provided. Section 8-200(A)(16)(b) of the Zoning Ordinance requires specific commercial uses to provide 0.75 spaces per 1,000 square feet of floor area when located outside of the Enhanced Transit Area. The 7-Eleven, the neighboring establishment, contains a total of 4,800 square feet of floor area, which requires that four off-street
parking spaces be provided. As these two businesses share a parking lot containing a total of 10 spaces, the combined parking requirement of six parking spaces can be suitably accommodated in the shared parking lot provided on the parcel.

**Community Outreach**
Public notice was provided through eNews, via the City’s website, and by posting a placard on the site. In addition, the North Ridge Citizen’s Association was sent an e-mail with information about the current application. Staff has not received any comments from residents or adjacent businesses that would require staff to docket the special use permit for public hearing.

**Staff Action**
Staff does not object to the increase of restaurant seating as it would not have a substantial impact on the surrounding neighborhood as the expansion is relatively minimal. The increase in seating, would allow the applicant to expand its business along this busy commuter route, adjacent to Route 395. Prior to adding additional seating, the applicant must contact the Fire Department to ensure all City Code Requirements are met, as stated in Condition #9.

Conditions have been carried forward from SUP #2008-00022. The minor amendment for an increase in seats is stated in Condition #4. Several conditions have been deleted as the applicant has satisfied the requirements.

Staff hereby approve this Special Use Permit request.
